Utilizing a range of ancient sources, Craig Keener explains these problems and how Paul's arguments would have been communicated to a first-century audience. This commentary analyzes 1 and 2 Corinthians passage by passage, in accordance with Paul's argument, and draws from ancient letter-writing, speaking and social conventions to demonstrate how meaningful to first-century readers it would have been. The commentary will interest pastors, teachers, and scholars because of its exploration of ancient sources, often not previously cited in commentaries. The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and

local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts. Claire Randall, a former British combat nurse, is just back from the war and reunited with her husband on a second honeymoon when she walks through a standing stone in one of the ancient circles that dot the British Isles. Acclaimed for its masterful new translation and insightful commentary, The David Story is a fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays. Duck and Goose are wondering if this is an egg?
