45 Strategies That Support Young Dual Language Learners Jan 17 2022 "This book shows teachers how to develop a toolbox of strategies for effectively teaching and engaging dual language learners while also supporting their families from diverse backgrounds. The book is organized by outlining and describing 45 teaching strategies that educators can use to implement best practices for effectively supporting dual language learners in their classroom. Using these tips, the authors detail how teachers can foster a language- and culture-inclusive classroom environment for all students"--

Literacy Essentials for English Language Learners Mar 27 2020 Language and literacy instruction in English needs to begin early and continue throughout the elementary years. This book provides research-based, best practices for developing language and literacy from kindergarten through 5th grade. It encourages teachers to build on ELL students' linguistic and cultural background knowledge.

A Practical Guide to Assessing English Language Learners May 29 2020 For many teachers of English language learners, the field of assessment is foreign territory. Assessment has its own culture, traditions, and terminology. This training guide is intended to help classroom teachers become more comfortable creating and using assessments. A Practical Guide to Assessing English Language Learners provides helpful insights into the practice and terminology of assessment. The text focuses on providing the cornerstones of good assessments--usefulness, validity, reliability, practicality, washback, authenticity, transparency, and security--and techniques for testing. It devotes a chapter to the assessment of each of the four main skill areas (reading, writing, listening, and speaking), and also covers placement testing, such as using TOEFL® and MELAB, diagnostic testing, evaluation, and instructional decision-making with regard to testing. Tips to improve students' test-taking strategies are offered, and each chapter ends with a helpful list of Ten Things to Remember, as well as informative case studies featuring two teachers and their assessment decisions. Incorporating its own principles, A Practical Guide to Assessing English Language Learners opens with a short quiz for the reader called Are You Testwise? that quickly determines how each teacher will benefit from this indispensable guide.

Teaching English Language Learners Dec 16 2021 This handbook is for elementary staff who work with English Language Learners, but who don't have specialized training in English language acquisition. It provides a thorough picture of English Language Learners, and offers practical strategies for teaching.

Educating English Language Learners Jun 10 2021 The book provides a review of scientific research on the learning outcomes of students with limited or no proficiency in English in U.S. schools. Research on students in kindergarten to grade 12 is reviewed. The primary chapters of the book focus on these students' acquisition of oral language skills in English, their development of literacy (reading & writing) skills in English, instructional issues in teaching literacy, and achievement in academic domains (i.e., mathematics, science, and reading). The reviews and analyses of the research are relatively technical with a focus on research quality, design characteristics, and statistical analyses. The book provides a set of summary tables that give details about each study, including full references, characteristics of the students in the research, assessment tools and procedures, and results. A concluding chapter summarizes the major issues discussed and makes recommendations about particular areas that need further research.

Korean Stories For Language Learners Oct 22 2019 The most enjoyable way to learn about an unfamiliar culture is through its stories—especially when they're told in two languages! Korean Stories for Language Learners introduces 42 traditional Korean folktales with bilingual Korean and English versions, presented on facing pages, together with detailed notes and exercises aimed at beginning learners of the language. The book can be used as a reader in first- and second-year Korean language courses or by anyone who wishes to learn about Korean folktales and traditional Korean culture. This elegantly illustrated volume is designed to help language learners expand their vocabulary and to develop a basic familiarity with Korean culture. The stories gradually increase in length and complexity throughout the book as the reader improves their vocabulary and understanding of the language. After the first few stories, the reader is asked to use the vocabulary in speaking and writing exercises. By reading these classic stories, they also are given a window into Korean culture and learn to appreciate the uniqueness of the country—which provides greater motivation to continue learning the difficult language. Cultural notes and discussion questions further reinforce one's understanding of the stories, and bolster one's language skills. Korean-English and English-Korean glossaries are included as well as an overview of the Korean Hangeul script. Audio recordings by native speakers help readers improve their pronunciation and inflection.

English Language Learners Day by Day, K-6 Sep 13 2021 This guide recognizes the challenges teachers face when working with English language learners, and responds with realistic and practical solutions. This book on ELL instruction will help mainstream and preservice teachers better understand how they can make their classrooms a place where English language learners thrive.--[book cover]

Teaching English Language Learners Jun 29 2020 "Teaching English Language Learners: A Differentiated Approach to Language Development," 1/e Doug Fisher and Carol Rothenberg Are you looking for a methods book to facilitate literacy and academic development in your K-12 classroom? Building on a solid foundation in language acquisition and learning theory, this text will show you how to examine your own practice and design lessons that consider the individual needs of English language learners and accelerate their achievement. This text is designed to help your students develop proficiency in both everyday and academic English while developing listening, speaking, reading, and writing skills. It also serves as a great guide for promoting high-level, high-quality, and high-expectation instruction with respect to language, literacy development, and academic achievement for all of your students. Features of this text: Constructed from a strong research base, each chapter highlights specific research topics to provide you with practical ideas in applying this research to your own practices. "Assessing Prior Knowledge Activities" allow you to engage your own background knowledge in visualizing, brainstorming, previewing, reflecting, and observing to help you get the most from each chapter. "Spotlight on Instruction" features visit classrooms of effective teachers of English language learners providing an authentic context as you learn. "Application to Practice" case studies build upon one another from chapter to chapter illustrating how to apply this growing wealth of strategies in your own classroom. "Teacher Tools" in the back of this book provide a collection of reproducibles for use in your classroom, including planning tools, writing assignments, and self reflection tools. UDL for Language Learners May 21 2022 How do we help language learners--those whose primary language is not the language of instruction--become resourceful, motivated, and strategic? In UDL for Language Learners, authors Caroline Torres and Kavita Rao address this critical problem of teaching practice. Whether they are newcomers or natural born citizens, language learners are often a highly diverse group with widely varying needs, in addition to their language acquisition needs. Differences in academic and cultural backgrounds can present special challenges for teachers who are trying to help all of their students meet common goals and standards. This book shows teachers how to plan for that variability and anticipate special challenges. The result: lessons that empower such students to achieve at high levels. Detailed vignettes illustrate how teachers can apply UDL in the classroom. The authors share strategies and design processes relevant to specific grades and content or skill areas.

English Language Learners and the New Standards Nov 27 2022 In English Language Learners and the New Standards, three leading scholars present a clear vision and practical suggestions for helping teachers engage ELL students in simultaneously learning subject-area content, analytical practices, and language. This process requires three important shifts in our perspective on language and language learning--from an individual activity to a socially engaged activity; from a linear process aimed at correctness and fluency, to a developmental process focused on comprehension and communication; and from a separate area of instruction to an approach that embeds language development in subject-area activities. In English Language Learners and the New Standards, the authors: Clarify the skills and knowledge teachers need to integrate content knowledge and language development. Show how teachers can integrate formative assessment in ongoing teaching and learning. Discuss key leverage points and stress points in using interim and summative assessments with ELLs. Provide classroom vignettes that illustrate key practices. Finally, the authors explain the theories and research that underlie their vision and examine the role of policy in shaping pedagogy and assessment for ELL students.

Introduction to English Language Learners and Culturally Responsive Pedagogy Jan 05 2021 Featuring readings by educational professionals within administration, teaching, and research, Introduction to English Language Learning and Culturally Responsive Pedagogy: Critical Readings helps pre-service and in-service teachers successfully work with culturally and linguistically diverse (CLD) students and families. The opening chapter provides key background information and practical measures educators can leverage to address the needs of students. Additional chapters examine the major concepts, theories, and stages of second language acquisition; corrective feedback and the role it plays in teaching language learners; the ways in which technology can enhance student learning; and assessment as it relates to English language learners. Readers learn about issues to consider when working with Latino students and other migrant populations. They explore key concepts of culturally responsive teaching and read contextualized examples of the eight components of Sheltered Instructional Observation Protocol (SIOP). Closing chapters provide important insights on working with high school newcomer immigrants and considerations for working with specific groups of CLD students and their families. Highly practical and scholarly in nature, Introduction to English Language Learners and Culturally Responsive Pedagogy is an exemplary resource for courses and programs with emphasis on working with CLD students.

Teaching Language Arts to English Language Learners Feb 18 2022 This thoroughly revised and updated edition of Teaching Language Arts to English Language Learners provides readers with the comprehensive understanding of both the challenges that face ELLs and ways in which educators might address them in the language arts classroom. The authors offer proven techniques that teachers can readily use to teach reading, writing, grammar, and vocabulary as well as speaking, listening, and viewing skills. A complete section is also devoted to ways teachers can integrate all five strands of the language arts curriculum into a comprehensive unit of study with meaningful accommodations for ELLs. An annotated list of web and print resources completes the volume, making this a valuable reference for language arts teachers to meet the challenges of including all learners in effective instruction. New features to this edition include: An updated and streamlined Part 1, which provides an essential overview of ELL theory in a language arts specific context. Additional practical examples of language arts exercises, all of which are closely aligned with the Common Core State Standards. New pedagogical elements in Part 3, including tips on harnessing new technologies, discussion questions and reflection points. Updates to the web and print resources in Part 4

Lessons from Good Language Learners Feb 06 2021 This book considers the strategies used by successful language learners, in the light of current thinking and research.

Connecting Content and Language for English Language Learners Feb 24 2020 Bridge the gap between content and language and put research into practice to instruct English language learners with strategies that meet their needs in language development and literacy. This must-have book reviews the author's experiences as a teacher in a diverse instructional setting and discusses the challenges and successes teachers experience in the ELL classroom. This resource supports the Common Core and other state standards.

Language Education and Emotions Nov 22 2019 Language Education and Emotions presents innovative, empirical research into the influence of emotions and affective factors in language education, both in L1 and in foreign language education. It offers a comprehensive overview of studies authored and co-authored by researchers from all over the world. The volume opens and ends with "backbone" contributions by two of the discipline's most reputed scholars: Jane Arnold (Spain) and Jean-Marc Dewaele (United Kingdom). This book broadens our understanding of emotions, including well-known concepts such as foreign language anxiety as well as addressing the emotions that have only recently received scientific attention, driven by the positive psychology movement. Chapters explore emotions from the perspective of the language learner and the language teacher, and in relation to educational processes. A number of contributions deal with traditional, school-based contexts, whereas others study new settings of foreign language education such as migration. The book paints a picture of the broad scale of approaches used to study this topic and offers new and relevant insights for the field of language education and emotions. This book will be of great interest to academics, researchers and postgraduate students in the field of language education, psycholinguistics, sociolinguistics, and applied linguistics.

English Language Learners in Literacy Workshops Oct 14 2021

English Learners: Strategies to Adapt Instruction in Content Areas May 09 2021 This 6 page, quick-reference laminated guide is designed to serve as a valuable resource for teachers working with English learners in diverse classroom to help them address their students' complex needs by unpacking learning. It offers proven strategies that make learning more accessible for English learners and help these students meet rigorous standards and achieve their greatest goals. Because all students are language learners, the strategies in the guide, which include focusing on crosscutting skills, implementing project-based learning, and using buddies/partners, among others, benefit all students in K-8 classrooms.

[Educating English Language Learners in an Inclusive Environment](#) Sep 01 2020 Educating English Language Learners in an Inclusive Environment, Second Edition provides a reader-friendly survey of key topics, including: legal and professional imperatives, cultural concerns, linguistics, literacy instruction, assessment, policy, and politics.

The Essential Guide for Educating Beginning English Learners Apr 08 2021 Put all English learners on the path to success—right from the start! As more beginning ELs enroll in schools every year, educators need a realistic framework for addressing the varied needs of this growing population. In this practical resource, the authors provide templates, tools, and vignettes illustrating real-world challenges to help teachers and administrators: Learn strategies for teaching beginning level ELs across the curriculum Create a welcoming environment for students and families Reach out to students from both literacy and non-literacy-oriented homes Design programs that meet the needs of beginning ELs and students with limited or interrupted formal education (SLIFE)

How to Learn a Foreign Language Dec 04 2020 Explains how to learn foreign languages, offering practical advice for overcoming the obstacles.

Teaching English Language Learners Across the Content Areas Jul 23 2022 English language learners (ELLs) often face the difficult challenge of learning both a new language and new subject matter at the same time. In *Teaching English Language Learners Across the Content Areas*, Judie Haynes and Debbie Zacarian offer strategies, tools, and tips that teachers can use to help ELLs at all levels flourish in mainstream classrooms. This book will show teachers how to * Determine their ELLs' stages of English language acquisition. * Modify assignments and assessments in different content areas for ELLs at different stages of language development. * Ensure that all ELLs participate fully in lesson activities alongside their English-fluent peers. * Communicate effectively with parents and guardians of students from diverse cultures. Real-life examples of lessons from elementary, middle, and high school that have been modified for ELLs in language arts, math, science, and social studies classes show how to effectively put the authors' recommendations into practice. A glossary of important ELL and ESL terms is included as well, for those who are new to teaching ELLs. Whether novice or veteran, all teachers of ELLs will benefit from this wonderfully practical guide to ensuring that ELLs learn English by learning content--and learn content while learning English.

Literacy Instruction for English Language Learners Dec 28 2022 Literacy Instruction for English Language Learners turns hundreds of ELL studies into dozens of strategies for regular classroom instruction. Nancy Cloud, Fred Genesee, and Else Hamayan have examined the research evidence to determine what works for ELLs. They recommend best practices for teaching English learners to read and write from emergent literacy to primary school and on through middle school and include helpful features that make the research directly accessible to all teachers.

Supporting English Learners in the Classroom Apr 20 2022 This resource offers educators evidence-based best practices to help them address the individual needs of English learners with academic challenges and those who have been referred for special education services. The authors include guidance and specific tools to help districts, schools, and classrooms use Multi-Tiered System of Supports (MTSS) and other interventions. "Provides excellent guidance for meeting the complex needs of English learners with true learning disabilities. An outstanding resource." —Alba Ortiz, professor emeritus, The University of Texas at Austin "A wonderful resource for those who have the opportunity to serve English learners in the classroom, including those with academic challenges." —Martha Thurlow, National Center on Educational Outcomes, University of Minnesota "Readers will find practical guidance and tools grounded in the latest research for teaching English learners." —Diane Haager, professor, California State University, Los Angeles "A valuable tool that bridges the latest research and practice on bilingual special education." —Claudia Rinaldi, Lasell College

Assessing English Language Learners in the Content Areas Jun 22 2022 *Assessing English Language Learners in the Content Areas: A Research-into-Practice Guide for Educators* seeks to provide guidance to classroom teachers, staff developers, and test-item designers who want to improve ELL assessment outcomes, particularly in the areas of math, science and social studies. The first two chapters of the book establish the background for the discussion of content-area assessment for ELLs, examining several important characteristics of this rapidly growing student population (as well as critical legislation affecting ELLs) and providing a description of various forms of assessment, including how ELL assessment is different from the assessment of English-proficient students. Important assessment principles that educators should use in their evaluation of tests or other forms of measurement are provided. Other chapters review ELL test accommodations nationwide (because, surprisingly, most teachers do not know what they can and cannot allow) and the research on the effectiveness of these types of accommodations. The book analyzes the characteristics of alternative assessment; it discusses three popular alternative assessment instruments (performance assessment, curriculum-based measurement, and portfolios) and makes recommendations as to how to increase the validity, reliability, and practicality of alternative assessments. The book proposes fundamental assessment practices to help content area teachers in their evaluation of their ELL progress.

Spotlight on Young Children Mar 19 2022 Offers practical ways to support young dual language learners and their families. Addresses communicating, using technology, pairing children, and more.

English Language Learners in the Mathematics Classroom Aug 24 2022 Strengthen mathematical understandings and academic vocabulary with standards-based strategies! With straightforward language and examples, the authors help teachers develop specialized understanding and knowledge of strategies for supporting a high level of mathematics learning along with language acquisition for ELLs. Providing specific suggestions for teaching standards-based mathematics, this resource: Demonstrates how to incorporate ELL supports and strategies through sample lessons Uses concrete materials and visuals to connect mathematical concepts with language development Focuses on essential mathematical vocabulary Includes brief research summaries with rationales for recommended practices

Teaching English Language Learners Apr 27 2020 *Teaching English Language Learners* is the essential how-to book for teachers who have English language learners in their classrooms but have little experience or training in ESL. The practical, accessible approach is ideal for new ESL teachers, and even experienced teachers in search of new insights, and other professionals who prepare teachers to better meet the academic needs of English Language Learners.

But Does This Work With English Learners? Oct 02 2020 Secondary ELA teachers, be excited: here at last is that crash course in utilizing the best of what we already know about teaching reading, writing, and language to ensure our English learners thrive. Take Penny Kittle and Donalyn Miller's reader's workshops. Take Kyrene Beers and Robert Probst's "signposts." Take the best writing techniques advanced by the National Writing Project. Take Jim Burke's essential questions for life. Award-winning EL authorities Mandy Stewart and Holly Genova describe immediate adaptations you can put in place to simultaneously build your ELs' language and literacy, while affirming their languages, cultures, and unique lived experiences. A rare blend of the humane and practical, *But Does This Work with English Learners?* is a book on how to leverage our ELs' full linguistic repertoires in the ELA classroom, while remaining sensitive to those barriers that could restrict learning. With this book as your guide, you'll learn how to: Look beyond the labels, and better understand the diversity of ELs, English language proficiency levels, and sociopolitical influences Teach and assess through reader's workshop, recognizing where comprehensible input fits in and adapting recurring features like support, choice, conferencing, and academic conversations Teach and assess through writer's workshops, including modifications to quick-writes, minilessons, conferencing, sharing, and more Teach through structures and community with classroom schedules and behavior norms, and activities like All About Me Paragraphs and Six Things You Need to Know About Me Listics Embrace identity in inquiry cycles via research and family interviews, mentor texts and essays, pictorial autobiographies, memory paragraphs, and more Answer your own FAQs such as How do I teach students if I don't know their language? What about grammar? How do I teach the grade-level ELA standards while I teach the language? "As you read this book," Mandy and Holly write, "our hope is that you will begin to see your students as multilinguals—people who already have language as well as a wealth of knowledge and are just adding English to that great repertoire." If you have even a single English learner in your classroom, we urge you to read this book and institute its practices. Right away! "Mandy Stewart and Holly Genova have given us a primer for the evolving complexities of our classroom melting pots, a map for navigating the murky waters of regulations, and most importantly, a recipe for opening our arms to children from all over the world. They welcome them with thoughts like 'A foreign accent is a sign of bravery.'" ~Gretchen Bernabei, Coauthor of Fun-Sized Academic Writing for Serious Learning "After reading this book, I was left with the feeling that I learned something new on every page--something that I had previously either wondered about or struggled to understand. Mandy Stewart and Holly Genova are the guides we all need to help us understand and better address the needs of our English learners." ~Jim Burke, Author of The English Teacher's Companion

Powerful Practices for Supporting English Learners Jan 25 2020 Highlight the assets of English Learners in your classroom Students do better in school when their voices are heard. For English Learners, that means not only supporting their growing language proficiency, but also empowering them to share their linguistic and cultural identities. This practical guide, grounded in compelling research and organized around essential questions and answers, is designed to help all educators build on their current competencies to authentically harmonize home languages and cultures in the classroom. Inside you'll find • The emotional, social, linguistic, cognitive, and academic rationale for incorporating cultural and linguistic assets • Creatively illustrated powerful practices with concrete examples of successful implementation • Myth-busting reflections to spark critical thinking about diversity, inclusive education, and family engagement • Curriculum connections tied to American and Canadian standards By recognizing and validating every student's linguistic and cultural assets, you create a supportive environment for academic success.

Teaching Dual Language Learners Sep 25 2022 "Teaching Dual Language Learners is a practical guide to help early childhood educators understand the needs of and provide instruction for young dual language learners in their classroom"--

Special Education Considerations for English Language Learners Nov 03 2020

English Language Learners: Aug 20 2019 This unique guide for special education teachers, teachers of English language learners, and other practitioners provides the foundational information needed to determine whether the language difficulties experienced by English language learners (ELLs) result from the processes and stages of learning a second language or from a learning disability (LD). The book addresses the following critical factors in detail: determining whether an ELL's struggles with reading in English are due to LD or language acquisition; characteristics of language acquisition that can mirror LD; different types of ELLs and why these differences are important; considering a student's "opportunity to learn" when determining whether he or she may have LD; common misconceptions and realities about ELLs and the second language acquisition process; ways that learning to read in English as a second or additional language differ from learning to read English as a first language, and how the differences can be confusing for ELLs; how schools can establish structure to facilitate the process of distinguishing between language acquisition and LD; how families are involved in the process; guidelines for determining which ELLs should be referred for evaluation; and what it means to use an ecological framework to determine whether ELLs have LD.

Becoming a Language Teacher Mar 07 2021 *Becoming a Language Teacher*, by respected author and experienced language teacher Elaine K. Horwitz, gives pre- and in-service teachers the skills they need to meet the needs of all language learners in today's diverse classrooms--while encouraging them to develop a personal approach to language teaching. Using a warm, supportive tone, the author clearly explains the fundamental concepts of second language acquisition and language teaching. A much-needed resource at a time when it is critical for all mainstream teachers to focus on language, this guide describes how to develop language for academic needs as well as for communication purpose and addresses the latest trends in language teaching.

Optimizing Elementary Education for English Language Learners Sep 20 2019 *Teaching English language learners* has long presented challenges for teachers tasked with bringing these students to a level of language comprehension comparable to that of native speakers. These challenges and issues can lead to difficulty comprehending core academic topics for those learning the English language. *Optimizing Elementary Education for English Language Learners* is a critical scholarly publication that explores the importance of English as a Second Language (ESL) education as well as the challenges that can arise in striving for effective and engaging learning environments for the students involved. Featuring a broad scope of topics, such as effective lesson plans, teacher education and preparation, and the education achievement gap, this book is geared toward academicians, practitioners, and researchers seeking current research on effective teaching strategies for teachers of English language learners.

Teaching Language Arts to English Language Learners Nov 15 2021 Examines the challenges that English language learners face and offers educators practical suggestions on how they can help their students learn English reading, writing, grammar, and vocabulary, as well as build their speaking, listening, and viewing skills.

50 Strategies for Teaching English Language Learners Aug 12 2021 Note: This is the bound book only and does not include access to the Enhanced Pearson eText. To order the Enhanced Pearson eText packaged with a bound book, use ISBN 0134057295. *50 Strategies for Teaching English Language Learners* includes a rich assortment of practical strategies aligned to TESOL standards, which have been field-tested in diverse classrooms. Each strategy includes a brief explanation, step-by-step instructions on how to plan and use the strategy, and classroom scenarios demonstrating how the strategy can be adapted for different grade levels and content areas. The authors have included additional strategies in language and literacy development, technology, and assessment to support both pre-service and in-service teachers. The Fifth Edition represents a major change in standards-based education that helps educators meet the additional challenges of the Common Core State Standards in the process of acquiring English. Included are six new strategies, self-evaluation rubrics, adaptation charts, classroom examples demonstrating approaches to CCSS, video links, pop-ups encouraging further reading, and a glossary of terms encountered in the text. The Enhanced Pearson eText features embedded video. Improve mastery and retention with the Enhanced Pearson eText* The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content. The Enhanced Pearson eText is: Engaging. The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning

experience. Convenient. Enjoy instant online access from your computer or download the Pearson eText App to read on or offline on your iPad® and Android® tablet.* Affordable. The Enhanced Pearson eText may be purchased stand-alone or with a loose-leaf version of the text for 40-65% less than a print bound book. * The Enhanced eText features are only available in the Pearson eText format. They are not available in third-party eTexts or downloads. *The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later.

Engaging Language Learners in Contemporary Classrooms Oct 26 2022 This accessible book offers a fresh perspective on engagement, with an emphasis on how teachers can create the conditions for active engagement and the role learners can play in shaping the way they learn. Drawing on extensive theoretical knowledge, the book takes an applied approach, providing clear principles and practical strategies for teachers.

Teaching English Language Learners Dec 24 2019 "This practical text offers guidance on how to provide explicit, systematic instruction on language and literacy to English learners"--

Teaching Mathematics to English Language Learners Jul 31 2020 Today's mathematics classrooms increasingly include students for whom English is a second language. Teaching Mathematics to English Language Learners provides readers a comprehensive understanding of both the challenges that face English language learners (ELLs) and ways in which educators might address them in the secondary mathematics classroom. Framed by a research perspective, Teaching Mathematics to English Language Learners presents practical instructional strategies for engaging learners that can be incorporated as a regular part of instruction. The authors offer context-specific strategies for everything from facilitating classroom discussions with all students, to reading and interpreting math textbooks, to tackling word problems. A fully annotated list of math web and print resources completes the volume, making this a valuable reference to help mathematics teachers meet the challenges of including all learners in effective instruction. Features and updates to this new edition include: An updated and streamlined Part 1 provides an essential overview of ELL theory in a mathematics specific context. Additional practical examples of mathematics problems and exercises make turning theory into practice easy when teaching ELLs New pedagogical elements in Part 3 include tips on harnessing new technologies, discussion questions and reflection points. New coverage of the Common Core State Standards, as well as updates to the web and print resources in Part 4.

Teaching Vocabulary to English Language Learners Jul 11 2021 Building on Michael Graves's bestseller, The Vocabulary Book, this new resource offers a comprehensive plan for vocabulary instruction that K–12 teachers can use with English language learners. It is broad enough to include instruction for students who are just beginning to build their English vocabularies, as well as for students whose English vocabularies are approaching those of native speakers. The authors describe a four-pronged program that follows these key components: providing rich and varied language experiences; teaching individual words; teaching word learning strategies; and fostering word consciousness. This user-friendly book integrates up-to-date research on best practices into each chapter and includes vignettes, classroom activities, sample lessons, a list of children's literature, and more.
