Chronicle of the Episcopal Church in Scotland, Together with the Kaffrarian Diocesan Quarterly Lady Molly of Scotland Yard The Black Kalendar of Scotland The Religious Anecdotes of Scotland Scotland Parliamentary Debates (Hansard). The Lord Advocates of Scotland

This collection includes the first critical editions of both Anne Grant's *Letters from the Mountains* (1806), one of the Romantic era's most successful non-fictional accounts of the Scottish Highlands, and Elizabeth Isabella Spence's *Letters from the North Highlands* (1816), a work that, while influenced by Grant's *Letters*, attempted to move the genre of the Scottish travelogue in new directions. Read together, these volumes offer complementary views of Scottish Highland life at a time of major historical transition: Grant was offering outsiders her perspective as a long-time resident of the region, while Spence was, unapologetically, writing as a tourist. The Highlands were central to Romantic-era debates on subjects ranging from landscape and aesthetics to national identities, and, as this collection demonstrates, women were making significant contributions to those debates. The four volume set, edited by Kirsteen McCue and Pam Perkins, is accompanied by new editorial material including a new general introduction and headnotes to each work. Includes poetry, ballads and dramatic works from 41 18th and 19th century Scottish authors. This fascinating new study is about cultural change and continuities. At the core of the book are discrete literary studies of Scotland and Shakespeare, Walter Scott, R.L. Stevenson, Arthur Conan Doyle, the modern Scottish Renaissance of the 1920s and more recent cultural and literary phenomena. The central theme of literature and popular 'representation' recontextualises literary analysis in a broader, multi-faceted picture involving all the arts and the changing sense of what 'the popular' might be in a modern nation. New technologies alter forms of cultural production and the book charts a way through these forms, from oral poetry and song to the novel, and includes studies of paintings, classical music, socialist drama, TV, film and comic books. The international context for mass media cultural production is examined as the story of the intrinsic curiosity of the imagination and the intensely local aspect of Scotland's cultural self-representation unfolds. Sandison's *Scotland* is a wonderful collection of stories and tales about some of the country's most wild and evocative places. From dark Loch Ness to the turbulent waters of the Pentland Firth, join Bruce on the path less travelled as he goes behind the scenes of Shetland's Up Helly Aa festival

and the raucous Kirkwall Ba' Game, played for generations by the people of Orkney. There are also stops in remote townships - Helmsdale in the east, distant Glenelg in the west - visiting the crofts and castles that make Scotland so special. Throughout these exceptional tales, Bruce Sandison's love for his native land shines through as he brings the people, culture and history of Scotland to life. Sandison's Scotland is full of hidden gems and is a book for all times and all seasons. It will captivate, amuse and delight anyone with a love for Scotland. The history of the Scottish monarchy is a long tale of triumph over adversity, characterised by the personal achievements of remarkable rulers who transformed their fragile kingdom into the master of northern Britain. The Kings and Queens of Scotland charts that process, from the earliest Scots and Pictish kings of around ad 400 through to the union of parliaments in 1707, tracing it through the lives of the men and women whose ambitions drove it forward on the often rocky path from its semi-mythical foundations to its integration into the Stewart kingdom of Great Britain. It is a route waymarked with such towering personalities as Macbeth, Robert the Bruce and Mary Queen of Scots, but directed also by a host of less well-known figures such as David I, who extended his kingdom almost to the gates of York, and James IV, builder of the finest navy in northern Europe. Their will and ambition, successes and failures not only shaped modern Scotland, but have left their mark throughout the British Isles and the wider world. "Her Scottish father put her in an institution in Calcutta when she was small. Guilt made her Highland gentry grandfather send for her, but he considered her an encumbrance and boarded her in Elgin. When she was an adolescent, her grandmother enrolled her in an Edinburgh boarding school where she developed a crush on one teacher and received harsh rebukes from the other. Brushed off by the former and chastised by the latter, she retaliated by alleging that they were sexually intimate. The teachers sued for libel; in the case that ensued, she was seen through sexist and racist lenses, constructed as an Other. While the case was still going on, she was married to a Presbyterian minister. If the idea was that he would tame her and make her conformable as other household Janes, the plan failed. He turned out to be a womanizer and Jane took revenge on him by reporting his unchaste behavior to his fellow ministers. Later she made a laughingstock of him by joining another church. Posthumously, she became a mean show-stopping character in a play by Lillian Hellman. Such was the life of Jane Cumming, the biracial woman whose recovered story is the subject of this biography. Spanning three continents and more than two centuries and based on archival research, this

offers a sympathetic portrait of the protagonist, seeing her as a resilient figure who, when threatened by figures of authority, took arms against her sea of troubles so as to oppose and end them"-- Nicholas Garrigan has fled his native Scotland, and his parents' expectations, to take a position as a doctor in a remote rural outpost of Central Africa. Shortly after his arrival in Uganda, he is called to the scene of a bizarre car accident: Idi Amin, manically driving his red Maserati down the dirt tracks of Garrigan's small village, has run over a cow. Garrigan binds Amin's sprained wrist and puts the incident behind him, until a letter arrives from the Minister of Health informing him that Amin--in his obsession with all things Scottish--has appointed Garrigan his personal physician. Garrigan is instructed to settle into State House, on the grounds of Amin's residence, immediately. Later, Garrigan will reflect that had he known what awaited him, had he foreseen the terrifying concatenation of events this decision would set in motion, he would have boarded the first plane back to Scotland. He will wonder why it never occurred to him to simply say no. But--flattered, disarmed, and intrigued, if uneasily, by the prospect of entering Amin's inner circle--he steps into the role of caring for the man who will turn out to be one of the most brutal dictators of all time. So begins Nick Garrigan's journey into a Conradian heart of darkness, as his own moral center battles weakly against, and then succumbs to, the dark and irresistible seductions of Idi Amin Dada, whose cruelty and cunning are masked by brilliant rhetoric, hilarious wit, and electrifying personal magnetism. When at last Nick awakens to the horrors of Amin's regime, he must awaken also to his own complicity in it--he cared for Amin, as a doctor and as a friend--and to the knowledge that he is both a traitor to his own country and a prisoner in his new one. By turns comic and chilling, Giles Foden's *The Last King of Scotland* is a masterful debut from a remarkable talent--a riveting history of "blood, misery and foolishness" that lingers in the mind long after the last page is turned, and a profound meditation on conscience, charisma, and the slow corruption of the human heart. Often family homes with in-room fireplaces and charming four-poster beds. And they are all available at amazingly low rates! Here's a guide to thousands of them, with contact info and photos. This vintage book contains a collection of anecdotes and accounts relating to religious figures and events in Scotland's history. Insightful, interesting, and often entertaining, this volume is highly recommended for those with an interest in Scottish religious history and would make for a fantastic addition to collections of allied literature. Contents include: "Lord Hailes discovering Hidden Treasures", "Shirra of Kirkcaldy",

"Josephus Utilised at Peebles", "Carlyle and his Mother", John Knox and Queen Mary", "Samuel Rutherford's Last Words", "Hearing the World-Ebenezer Erskine", "A Pedlar at Balmoral", "The Marrow of Modern Divinity", "The Good Bishop Leighton", "A Swearer Reproved", "A Prodigal's Return", "Jenny Geddes and her Stool", "I Will be with you Always", et cetera. Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, high-quality edition complete the original artwork and text. Drawing on extensive life-history interviews with serious violent offenders, this book offers a unique socio-historical analysis of gang membership and gang evolution in Glasgow, Scotland's largest city. The book chronicles the lives of young men in and around Glasgow from early childhood to present day and examines the lived experience of family, friendship, community, and crime. It demonstrates how street reputations are won and lost and how gang membership is not a single event but an experiential process of offending, victimisation, consensus, and conflict. The book follows the young men's descent into knife crime and street violence and the impact of imprisonment on their life chances. Detailed narratives capture how they individually and collectively transitioned from street violence to profit-driven organised crime, before eventually disengaging from gangs and desisting from offending. The book concludes with an in-depth discussion of the evolution of gangs and organised crime in the 21st century and in the inner-workings of Scotland's marketplace for illegal goods and services, with implications for police, practitioners, and policymakers. A page-turner from start to finish, Scotland's Gang Members is a truly unique contribution to knowledge about gangs and crime, written to high academic standards but readable and accessible to all. A new analysis of mind/body unity, based on the philosophy of Spinoza Scotland, Britain, Empire takes on a cliché that permeates writing from and about the literature of the Scottish Highlands. Popular and influential in its time, this literature fell into disrepute for circulating a distorted and deforming myth that aided in Scotland's marginalization by consigning Scottish culture into the past while drawing a mist over harsher realities. Kenneth McNeil invokes recent work in postcolonial studies to show how British writers of the Romantic period were actually shaping a more complex national and imperial consciousness. He discusses canonical works--the works of James Macpherson and Sir Walter Scott--and noncanonical and nonliterary works--particularly in the fields of historiography, anthropology, and sociology. This book calls for a rethinking of the "romanticization" of the

Highlands and shows that Scottish writing on the Highlands reflects the unique circumstances of a culture simultaneously feeling the weight of imperial "anglobalization" while playing a vital role in its inception. While writers from both sides of the Highland line looked to the traditions, language, and landscape of the Highlands to define their national character, the Highlands were deemed the space of the primitive--like other spaces around the globe brought under imperial sway. But this concern with the value and fate of indigenosity was in fact a turn to the modern. You can run from your problems, but you can't hide from love in the Scottish seaside town of Gandiegow.... When a video of her calling happily ever after "a foolish fantasy" goes viral, marriage therapist Emma Castle is out of a job—and off to Scotland. The tiny town of Gandiegow is the perfect place to ride out the media storm and to catch up with her childhood friend Claire. But also in Gandiegow is the one man she hoped never to see again. She's successfully avoided Gabriel MacGregor since Claire and Dominic's wedding, only to find he's now the village doctor—and just as tall, dark, and devilish as ever. Claire and Dominic's blissful marriage, however, is not what it used to be. Soon Emma and Gabriel find themselves taking sides even as the sparks begin to fly between them. Can Emma help her friends—or regain her career—as she struggles with her own happily ever after? Blaikie explores how our different ways of seeing influence the relationship between place and belonging. He argues that our memories, however brief or complex, invoke imagined pasts. But do our recollections share a common frame of reference? Blaikie's *Scotland's Pariah* is the first book to examine the remarkable life of John Pinkerton: antiquarian, poet, forger, cartographer, historian, serial adulterer, bigamist, and religious skeptic. A pugnacious and persistent man of letters who knew and was admired by literary masters such as Edward Gibbon, Horace Walpole, and William Godwin, Pinkerton's life was full of personal and professional misadventures. Patrick O'Flaherty's biography presents an engrossing account of Pinkerton's life and works from his early years in Scotland to his Parisian exile, covering his major editorial, antiquarian, and geographic works. Examining Pinkerton's involvement in the London literary scene, his conflicted relationship with the rise of Celtic nationalism, and his response to early literary romanticism, *Scotland's Pariah* is a shrewd and compassionate evaluation of an astonishing literary life. As the 'grey market' perpetuates the quest for eternal youth, the biological realities of deep old age are increasingly denied. *Ageing and Popular Culture* traces the historical emergence of stereotypes of retirement and documents their

recent demise, arguing that although modernisation, marginalisation, and medicalisation created rigid age classifications, the rise of consumer culture has coincided with a postmodern broadening of options for those in the Third Age. With an adroit use of photographs and other visual sources, Andrew Blaikie demonstrates that an expanded leisure phase is breaking down barriers between mid and later life. At the same time, 'positive ageing' also creates new imperatives and new norms with attendant forms of deviance. While babyboomers may anticipate a fulfilling retirement, none relish decline. Has deep old age replaced death as the taboo subject of the late twentieth century? If so, what might be the consequences? 'Nationalism' is an increasingly unpopular word. Few would apply the label of 'nationalist' to themselves, and fewer still to any part of our history before the 1700s. But then, where does it come from? And what does it mean for us today? With one eye on the present as he unpicks the past, Owen Dudley Edwards finds nationalism to be older than recorded history and broader than modern geography. *Our Nations and Nationalisms* traces the phenomena back as far as the Old Testament and the works of Homer and Virgil, through the attempts of Shakespeare and James VI & I to found the first British Union, and into the Celtic legends that helped form the identities held in the UK today. Taking wide-ranging examples from ancient to modern, from home and abroad, Dudley Edwards interrogates nationalism in action, asking what it really is and how it has impacted upon all of our lives, wherever we live or were born. This demonised word, he argues, is a fact of human nature. It may take a variety of forms, but we are all, in some sense, 'nationalists'; it is incumbent upon each of us to find ways to use this fact in the interests of humanity, and not a single nation. This volume reassesses working-class poetry and poetics in Victorian Britain, using Scotland as a focus and with particular attention to the role of the popular press in fostering and disseminating working-class verse cultures. It studies a very wide variety of writers who are unknown to scholarship, and assesses the political, social, and cultural work which their poetry performed. During the Victorian period, Scotland underwent unprecedented changes in terms of industrialization, the rise of the city, migration, and emigration. This study shows how poets who defined themselves as part of a specifically Scottish tradition responded to these changes. It substantially revises our understanding of Scottish literature in this period, while contributing to wider investigations of the role of popular verse in national and international cultures.
