What Writing Does and How It Does It Oct 29 2019 In *What Writing Does and How It Does It*, editors Charles Bazerman and Paul Prior offer a sophisticated introduction to methods for understanding, studying, and analyzing texts and writing practices. This volume addresses a variety of approaches to analyzing texts, and considers the processes of writing, exploring textual practices and their contexts, and examining what texts do and how texts mean rather than what they mean. Included are traditional modes of analysis (rhetorical, literary, linguistic), as well as newer modes, such as text and talk, genre and activity analysis, and intertextual analysis. The chapters have been developed to provide answers to a specified set of questions, with each one offering: *a preview of the chapter's content and purpose; *an introduction to basic concepts, referring to key theoretical and research studies in the area; *details on the types of data and questions for which the analysis is best used; *examples from a wide-ranging group of texts, including educational materials, student writing, published literature, and online and electronic media; *one or more applied analyses, with a clear statement of procedures for analysis and illustrations of a particular sample of data; and *a brief summary, suggestions for additional readings, and a set of activities. The side-by-side comparison of methods allows the reader to see the multi-dimensionality of writing, facilitating selection of the best method for a particular research question. The volume contributors are experts from linguistics, communication studies, rhetoric, literary analysis, document design, sociolinguistics, education, ethnography, and cultural psychology, and each utilizes a specific mode of text analysis. With its broad range of methodological examples, *What Writing Does and How It Does It* is a unique and invaluable resource for advanced undergraduate and graduate students and for researchers in education, composition, ESL and applied linguistics, communication, L1 and L2 learning, print media, and electronic media. It will also be useful in all social sciences and humanities that place importance on texts and textual practices, such as English, writing, and rhetoric.

Cormac McCarthy and the Ghost of Huck Finn Jan 01 2020 Mark Twain once wrote, "We are nothing but echoes." Despite this pronouncement, Twain's voice continues to reverberate in the 21st century. Twain's *Adventures of Huckleberry Finn* helped define modern American literature, creating The Huck Finn Tradition in contemporary writing. This volume discusses the intertextual connections between Twain's iconic novel and eight works by celebrated American author Cormac McCarthy, including *Suttree*, *The Orchard Keeper*, *Blood Meridian*, *All the Pretty Horses*, *The Crossing*, *Cities of the Plain*, *No Country for Old Men*, and *The Road*. By chronicling the diverse scholarly comparisons between Twain and McCarthy and exploring the echoes of Twain and Huck Finn in McCarthy's writing, this study reveals how McCarthy has not only absorbed Twain's tradition, but transformed it, with consequences that surpass the work of other Twain heirs.

Why We Took the Car Aug 08 2020 Mike Klingenberg doesn't get why people think he's boring. Sure, he doesn't have many friends. (Okay, zero friends.) And everyone laughs at him when he reads his essays out loud in class. And he's never invited to parties - including the gorgeous Tatiana's party of the year. Andre Tschichatschow, aka Tschick (not even the teachers can pronounce his name), is new in school, and a whole different kind of unpopular. He always looks like he's just been in a fight, his clothes are tragic, and he never talks to anyone. But one day Tschick shows up at Mike's house out of the blue. Turns out he wasn't invited to Tatiana's party either, and he's ready to do something about it. Forget the popular kids: Together, Mike and Tschick are heading out on a road trip. No parents, no map, no destination. Will they get hopelessly lost in the middle of nowhere? Probably. Will they meet crazy people and get into serious trouble? Definitely. But will they ever be called boring again? Not a chance.
