The No-nonsense Guide to Climate Change Feb 06 2021 "The No Nonsense Guide to Climate Change" charts up-to-the-minute developments on climate change, explores the extent that the human race is responsible for the catastrophes and suggests what can be done to prevent them.

The No-Nonsense Guide to Project Management Jun 24 2022 This book provides a 'no-nonsense' guide to project management which will enable library and information professionals to lead or take part in a wide range of projects from large-scale multi-organization complex projects through to relatively simple local ones. Barbara Allan has fully revised and updated her classic 2004 title, Project Management, to incorporate considerable developments during the past decade, including: the development and wide-scale acceptance of formal project management methodologies; the use of social media to communicate and disseminate information about projects and the large shift in the types of project library and information workers may be involved in. The text is supported by practical case studies drawn from a wide range of LIS organizations at local, regional, national and international levels. These examples provide an insight into good practice for the practitioner, from an individual working in a voluntary organization on an extremely limited budget, to someone involved in an international project. Content covered includes: an introduction to project management, project workers and the library and information profession; different approaches to project management, the project cycle, the people side of projects and management of change; discussion of project methodologies, project management software, open source software, collaborative working software and use of social media; project initiation, communication, analysis and project briefs; developing project infra-structure, scheduling, working out the finances and carrying out a detailed risk analysis; working in partnerships, in diverse and virtual teams, and managing change. If you are an LIS professional involved in project work of any kind, whether on a managerial, practical, academic or research level, this is an invaluable resource for you.

The No Nonsense Guide to Selling Your Home Mar 29 2020 With current trends concentrating on buyer-related representation and issues such as defects, disclosure, discount points and negotiations it is of paramount importance that the seller be well informed of responsibilities, practices and procedures. The market has a bounty of books promising to help the buyer get the best deal, help the buyer negotiate the price, help the buyer save on closing costs... Where is a handy reference tool designed with the SELLER in mind? Right here. Considering all of the materials available to the buyer-you really can't afford not to buy this book! Here's another thought... Property values are

increasing in most metropolitan areas. Real estate commissions are typically based on the sales price of your home. Higher property value translates to higher commission! This book will teach you effective strategies for successfully marketing your home—with or without an agent.

[Nonsense](#) Jul 02 2020 An illuminating look at the surprising upside of ambiguity—and how, properly harnessed, it can inspire learning, creativity, even empathy. Life today feels more overwhelming and chaotic than ever. Whether it's a confounding work problem or a faltering relationship or an unclear medical diagnosis, we face constant uncertainty. And we're continually bombarded with information, much of it contradictory. Managing ambiguity—in our jobs, our relationships, and daily lives—is quickly becoming an essential skill. Yet most of us don't know where to begin. As Jamie Holmes shows in *Nonsense*, being confused is unpleasant, so we tend to shutter our minds as we grasp for meaning and stability, especially in stressful circumstances. We're hard-wired to resolve contradictions quickly and extinguish anomalies. This can be useful, of course. When a tiger is chasing you, you can't be indecisive. But as *Nonsense* reveals, our need for closure has its own dangers. It makes us stick to our first answer, which is not always the best, and it makes us search for meaning in the wrong places. When we latch onto fast and easy truths, we lose a vital opportunity to learn something new, solve a hard problem, or see the world from another perspective. In other words, confusion—that uncomfortable mental place—has a hidden upside. We just need to know how to use it. This lively and original book points the way. Over the last few years, new insights from social psychology and cognitive science have deepened our understanding of the role of ambiguity in our lives and Holmes brings this research together for the first time, showing how we can use uncertainty to our advantage. Filled with illuminating stories—from spy games and doomsday cults to Absolut Vodka's ad campaign and the creation of Mad Libs—*Nonsense* promises to transform the way we conduct business, educate our children, and make decisions. In an increasingly unpredictable, complex world, it turns out that what matters most isn't IQ, willpower, or confidence in what we know. It's how we deal with what we don't understand.

[No-nonsense Cover Letters](#) Nov 17 2021 In today's competitive job market, if your cover letter doesn't grab the interviewer's attention, he or she may never even glance at your resume. *No-Nonsense Cover Letters* gives you the powerful practical tools to write "attention grabbing" cover letters that complement your resume and get you more interviews and job offers. The book begins with a thorough but easy-to-understand explanation of the key elements that are vital to creating "attention grabbing" letters including: why writing a cover letter is about selling yourself; how to craft targeted cover letters; when to use bullets or paragraphs; and creating E-letters for today's E-search environment. Subsequent chapters offer tips on writing winning cover letters for opportunities for virtually every profession.

The No-nonsense Guide to Globalization Aug 27 2022 Globalisation has become one of the most used and encompassing words over the past decade, of undeniable influence in economics, politics and activism. Globalisation is literally all around; every aspect of life is affected by a global structure of communication and economy. This fully revised and updated guide condenses this complex subject into clear, concise commentary. It examines the debt trap, the acceleration of neoliberalism, competition for energy resources, the links between the war on terror, the arms trade and the alternatives to corporate control.

The No-nonsense Guide to Archives and Recordkeeping Nov 25 2019 This practical how-to-do-it guide is ideal for professionals involved in the management of archives and records, especially if they are just starting out or without formal training. The book covers all aspects of recordkeeping and archives management. It follows the records' journey from creation, through the application of classification and access techniques, evaluation for business, legal and historical value and finally to destruction or preservation and access in the archive. Based on the internationally renowned training days run by the author and her

business partner, *The No-nonsense Guide to Archives and Recordkeeping* deals with records and archives in all formats. It utilizes checklists, practical exercises, sample documentation, case studies and helpful diagrams to ensure a very accessible and pragmatic approach, allowing anyone to get to grips with the basics quickly. The book is divided into four main work areas: - current records: including creation, filing, classification and security - records management: including aims, risks, planning, preparation and delivery - archives management: including collecting policies, intellectual property rights, appraisal, digitization and outreach - archival preservation: including policy, disaster prevention and repositories. This one-stop-shop will be essential for a wide readership including archives and records assistants, librarians, information managers and IT professionals responsible for archives and records and managers of archives staff.

Practical Organic Gardening Apr 30 2020 A guide to organic gardening offers tips on soil selection, using natural remedies for pests and diseases, and repurposing vintage containers.

No-Nonsense Marketing Sep 03 2020 "Vic Prushan does not just talk about how to give the customer more than is expected, he delivers. [No-Nonsense Marketing is] incisive and thought-provoking, yet hard-hitting and practical. I recommend this book highly to managers of all businesses, large and small." --Jack D. Lantz, President and CEO, Unitek Miyachi Corporation "Whether you have an MBA or learned about marketing from the school of hard knocks, Prushan's No-Nonsense Marketing will remind you of things you should not have forgotten and shows you things you wished you'd known." --Stewart A. Washburn, CMC, Consultant to Sales and Marketing Management "Prushan's book follows his own sound advice--to always give customers more than they expect! Readers will find this a trove of insights and inspiration for every aspect of business management. I recommend it highly." --Alexander Hiam, author of *The Portable MBA in Marketing* and *The Vest-Pocket CEO* and Professor in the Marketing Department at the University of Massachusetts, Amherst "This book is required reading for anyone who thinks they are a 'Street Fighter' in marketing. It's filled with great ideas that can help you build a stronger and more profitable customer base. Victor Prushan truly knows his stuff and freely shares it in this book." --Jeff Slutsky, author of *Street Smart Marketing* and *The Toastmasters' Guide to Successful Speaking* "Finally, a book of marketing principles that both reviews fundamentals long since forgotten and provides iconoclastic new concepts on gaining, keeping, and delighting your customers, all written with Vic Prushan's dry but sparkling humor! This will be required reading for every person in my company who interfaces with a customer!" -- Jeff Z. Amacker, President, Teledyne Controls

The No-nonsense Guide to Globalization Mar 10 2021 Commercial culture and the Western consumer model has globalized while gaps in wealth, food security and social provision continue to grow. This book provides a critique of the orthodoxy of economic growth in a world of finite natural resources and a blueprint for a new economic architecture.

Market Sense and Nonsense Jan 26 2020 Bestselling author, Jack Schwager, challenges the assumptions at the core of investment theory and practice and exposes common investor mistakes, missteps, myths, and misreads. When it comes to investment models and theories of how markets work, convenience usually trumps reality. The simple fact is that many revered investment theories and market models are flatly wrong—that is, if we insist that they work in the real world. Unfounded assumptions, erroneous theories, unrealistic models, cognitive biases, emotional foibles, and unsubstantiated beliefs all combine to lead investors astray—professionals as well as novices. In this engaging new book, Jack Schwager, bestselling author of *Market Wizards* and *The New Market Wizards*, takes aim at the most perniciously pervasive academic precepts, money management canards, market myths and investor errors. Like so many ducks in a shooting gallery, Schwager picks them off, one at a time, revealing the truth about many of the fallacious assumptions, theories, and beliefs at the core of investment theory and practice. A compilation of the most insidious, fundamental investment errors the author has observed over his long and distinguished career in the markets. Brings to light the fallacies underlying many widely held academic precepts, professional money management methodologies, and investment behaviors. A sobering dose of real-world insight for investment professionals and a highly readable source of information and guidance for general readers interested in investment, trading, and finance. Spans both traditional and alternative investment classes, covering both basic and advanced topics. As in his best-selling *Market Wizard* series, Schwager manages the trick of covering material that is pertinent to professionals, yet writing in a style

that is clear and accessible to the layman

The No-Nonsense Guide to Human Rights May 24 2022 Rights are universal - that's the theory. How can this be transformed into reality for all?

The No-nonsense Guide to Sexual Diversity Jan 08 2021 A survey of the history and geography of sexually unconventional behaviour. Includes a country to country survey of the laws affecting sexual minorities.

Simplified Strategic Planning May 12 2021 Future success? or future shock? Only companies that plan ahead will survive the changes in business today--and tomorrow.

No-Nonsense Craps Oct 05 2020 Based entirely upon two-dice probability theory, a veteran entertainment attorney/MBA reveals the secrets of winning at casino craps with the betting conventions and money management tools of his trademarked Table Time Plus strategy. Along the way, he exposes some of the game's most popular myths and misconceptions. Original.

The No-nonsense Guide to Achieving ISO 9000 Registration Aug 03 2020 The author presents tools and methods needed to ensure quality system certification, leading to ISO 9000 registration and greater success in the global marketplace.

The No-Nonsense Meditation Book Aug 22 2019 THE INTERNATIONAL BESTSELLER 'For a boost to your wellbeing don't miss the brilliant *The No-Nonsense Meditation Book*, which unites brain science with practical tips' - Stylist 'Steven Laureys' book opens up exciting perspectives.' - Matthieu Ricard, Buddhist monk & translator of the Dalai Lama 'Clear, lively, rigorous and authentic... [The] book we have been waiting for.' - Dr Ilios Kotsou, mindfulness and wellbeing expert 'Not reading this book is self-defeating' - Paul Witterman Rigorously researched and deeply illuminating, world-leading neurologist Dr Steven Laureys works with celebrated meditators to scientifically prove the positive impact meditation has on our brains. Dr Steven Laureys has conducted groundbreaking research into human consciousness for more than 20 years. For this bestselling book, Steven explores the effect of meditation on the brain. He uses hard science to explain the benefits of a practice that was once thought of as purely spiritual. The result is a highly accessible, scientifically questioning guide to meditation, designed to open the practice to a broader audience. A mix of fascinating science, inspiring anecdote and practical exercises, this accessible book offers scientific evidence that meditation can have a positive impact on all our lives.

The No-nonsense Guide to Tourism Jul 26 2022 In this *No-Nonsense Guide*, Pamela Nowicka explores the third biggest industry in the world (after oil and narcotics). Taking the reader on a trip through the early days of travel, up to the first package tours and today's mass tourism, she argues that we in the West could help more by travelling less and being more aware and discerning when we do travel. This book will show you the hidden impacts of tourism.

Long Way Down Oct 24 2019 "An intense snapshot of the chain reaction caused by pulling a trigger." —Booklist (starred review) "Astonishing." —Kirkus Reviews (starred review) "A tour de force." —Publishers Weekly (starred review) A Newbery Honor Book A Coretta Scott King Honor Book A Printz Honor Book A Time Best YA Book of All Time (2021) A Los Angeles Times Book Prize Winner for Young Adult Literature Longlisted for the National Book Award for Young People's Literature Winner of the Walter Dean Myers Award An Edgar Award Winner for Best Young Adult Fiction Parents' Choice Gold Award Winner An Entertainment Weekly Best YA Book of 2017 A Vulture Best YA Book of 2017 A BuzzFeed Best YA Book of 2017 An ode to Put the Damn Guns Down, this is New York Times bestselling author Jason Reynolds's electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he's going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer. A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette.

Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

F Wall Street Mar 22 2022 "Look at market fluctuations as your friend rather than your enemy; profit from folly rather than participate in it." —Warren Buffett Investors shouldn't hate the market because of its up and downs. They should capitalize on it—and give a middle finger to those brokers wasting their time (and money) buying and selling, viewing investing as just buying stocks and not taking ownership of a company. In this book, Joe Ponzio gives an "f-you" to Wall Street and teaches you how to become a sharp value investor who uses economic downturns to your advantage. By buying into companies you believe in—but that may be selling for less than their intrinsic value, like high-end retailers in a weak market and discount retailers in a strong one—you will profit from their long-term performance. It's the perfect guide for anyone fed up with Wall Street's bull.

Excellence Wins Jul 14 2021 Horst Schulze knows what it takes to win. In *Excellence Wins*, the cofounder and former president of the Ritz-Carlton Hotel Company lays out a blueprint for becoming the very best in a world of compromise. In his characteristic no-nonsense approach, Schulze shares the visionary and disruptive principles that have led to immense global success over the course of his still-prolific fifty-year career in the hospitality industry. For over twenty years, Schulze fearlessly led the company to unprecedented multibillion dollar growth, setting the business vision and people-focused standards that made the Ritz-Carlton brand world renowned. In *Excellence Wins*, Schulze shares his approach to everything from providing the best customer service to creating a culture of excellence within your organization. With his tried-and-true methods and inspiring, hard-earned wisdom, Schulze teaches you everything you need to know about: Why leading well is an acquired skill Serving your customers Engaging your employees Creating a culture of customer service Why vision statements make a difference What it really means to practice servant leadership Schulze's principles are designed to be versatile and practical no matter where you are in your career. He'll remind you that you don't need a powerful title or dozens of direct reports to benefit from the advice he shares in *Excellence Wins*—you have everything you need to apply it to your life and career right now. Let Schulze's incredible story help you unleash the disruptive power of your true potential, beat the competition, own your career trajectory, and experience the game-changing power of what happens when *Excellence Wins*.

The No-Nonsense Guide to College Planning Apr 22 2022 It may change your life. A refreshing departure from mainstream "how to" books, *The No-Nonsense Guide to College Planning*, offers a new view of college preparation. While addressing all the details, from estimating the family's fair share of college costs to making the most of campus visits, this book takes a down-home, practical look at the arduous and stressful task of selecting, applying and paying for college. Author Thomas Leahy skillfully hones in on the real issues, giving insight and guidance to successfully navigate the muddy waters of the college and financial aid application process and championing the "best-value" approach to college planning. *The No-Nonsense Guide to College Planning* provides a step-by-step road map, bringing into focus the myriad of information available, including resources and web sites. Whether your child is in grade school or ready to go to college, *The No-Nonsense Guide to College Planning* makes you an expert in college application and financial aid so that your family can survive the college years financially without sacrificing the educational experience. This book empowers families facing college to expedite the college planning process and maximize financial assistance through a deliberate procedure of exploration and discovery, analysis and selection, implementation and facilitation.

Smart Girls Screw Up Too Dec 07 2020 Own your screw ups, get inspired and create the life you want. Sick of chasing the perfect relationship, career or bank balance? Tired of feeling like you're never quite 'enough'? You're not alone. And it's time to do something about it. *Smart Girls Screw Up Too*, is THE no-nonsense guide for a generation of

women who secretly muse about what might be possible in their careers, health and relationships but don't know where to start or are too afraid to. When a clusterf**k of screw ups found author Bella Zanesco burnt out, depressed and with a broken soul, she knew something – perhaps everything – had to change. But what? Her first ports of call were the usual Band-Aids: Tinder, work and shopping. But soon, she realised those weren't going to work. If she wanted to fix this thing, she was going to need to take extreme measures. And so she began the journey that would transform her from 'Sad Girl' to 'Smart Girl'; a journey that meant taking up all the things that she'd been told were good for her but she had always been too afraid, too 'busy', or too lazy to try. Cue everything from green juices to setting boundaries to quitting her job to culling her friends. Delivered with no-holds-barred honesty, humour and compassion, *Smart Girls Screw Up Too* brings together: the latest research into gut science, neuroscience and epigenetics; ancient tribal wisdom; interviews with global game changers; and insights from the author's own two-year study of over 2000 women. Paired with a Personal Life Audit, you will get immediate clarity about where to start when seeking purpose, vitality and love. And, together with Bella – the wise but ass-kicking bestie you wish you'd known earlier – you'll embark on a series of simple daily challenges that will not only get you to the root causes of why you think, feel and behave as you do, but see you making changes that stick. No matter what your starting point, you are capable of creating the life you want NOW.

No-Nonsense Leadership Sep 27 2022 There are plenty of books and theories about leadership. What these rarely describe, though, is HOW to manage effectively. This book fills that void. Often find yourself explaining to your employees how they should do their jobs? Tend to duck difficult conversations? Sometimes at a loss when trying to deal with complaining, quarrelling, or underachieving employees? Need some guidance on how to support employees who want to develop? *No-Nonsense Leadership* helps you adopt a confident, coaching leadership style. Coaching leadership is a surprisingly effective leadership style. Your employees will take more responsibility, allowing you more time and energy for important management tasks. This book helps you recognize and bypass your reflexes and pitfalls, and teaches you coaching skills and easy-to-use conversation techniques. The practical pointers and countless real-life examples in this book enable you to immediately put it all into practice. You will soon notice that you are getting more out of your people – and out of yourself. Nadia van der Vlies is the co-owner of the NONONS training institute. She has held management positions at various organizations, develops leadership programs and trains managers to become more effective by adopting a coaching mindset. 'Instantly applicable in my day-to-day work. Highly relatable and a must-read for any manager who wants to save time and get the most out of themselves and their team.' Joris Herremans, Manager Digital Grandvision Benelux 'This book is an engaging combination of self-reflection and useful stepping stones.' Hugo de Koning, founder Young Capital

Out There Somewhere Sep 23 2019 Through poems and journal entries Simon Ortiz explores his Native American culture and the various challenges they face.

No-Nonsense Quantum Field Theory Oct 17 2021 Learning quantum field theory doesn't have to be hard What if there were a book that allowed you to see the whole picture and not just tiny parts of it? Thoughts like this are the reason that *No-Nonsense Quantum Field Theory* now exists. What will you learn from this book? Get to know all fundamental concepts — Grasp what a quantum field is, why we use propagators to describe its behavior, and how Feynman diagrams help us to make sense of field interactions. Learn to describe quantum field theory mathematically — Understand the meaning and origin of the most important equations: the Klein-Gordon equation, the Dirac equation, the Proca equation, the Maxwell equations, and the canonical commutation/anticommutation relations. Master important quantum field theory interactions — Read fully annotated, step-by-step calculations and understand the general algorithm we use to particle interactions. Get an understanding you can be proud of — Learn about advanced topics like renormalization and regularization, spontaneous symmetry breaking, the renormalization group equations, non-perturbative phenomena, and effective field models. *No-Nonsense Quantum Field Theory* is one the most student-friendly book on quantum field theory ever written. Here's why. First of all, it's nothing like a formal university lecture. Instead, it's like a casual conversation with a more experienced student. This also means that nothing is assumed to be "obvious" or "easy to see". Each chapter, each section, and each page focuses solely on the goal to help

you understand. Nothing is introduced without a thorough motivation and it is always clear where each equation comes from. The book ruthlessly focuses on the fundamentals and makes sure you'll understand them in detail. The primary focus on the readers' needs is also visible in dozens of small features that you won't find in any other textbook. In total, the book contains more than 100 illustrations that help you understand the most important concepts visually. In each chapter, you'll find fully annotated equations and calculations are done carefully step-by-step. This makes it much easier to understand what's going on. Whenever a concept is used that was already introduced previously there is a short sidenote that reminds you where it was first introduced and often recites the main points. In addition, there are summaries at the beginning of each chapter that make sure you won't get lost.

Phasal Analysis Feb 27 2020

The No-nonsense Guide to Class, Caste & Hierarchies Dec 19 2021 With globalization, traditional societies are being replaced by an international working class and a small minority of the global rich. In such a situation, who is to guarantee social justice?

The Skincare Bible Dec 27 2019 'I now feel safe in the knowledge that I'm armed with the latest science-backed information about how to care for my skin' Chloe Brotheridge, author of *The Anxiety Solution* We all know that taking good care of our skin is the key to any effective health and beauty regime. But with so much conflicting information out there, the path to healthy skin can seem far from clear. Dr Anjali Mahto is one of the UK's leading consultant dermatologists. Equipped with years of expertise and the most up-to-date evidence, she sets out to cut through the noise and distinguish the nuggets from the nonsense. Chia seeds won't make your skin glow and lilac water is never going to reduce acne scarring. And, when it comes to the best products, high price doesn't necessarily mean high quality. Tackling common complaints such as acne and dryness, rosacea and aging, *The Skincare Bible* is your definitive companion to your body's biggest organ. Clear, concise and packed full of tips on the best products and routines, it will help you discover what works for you and find confidence in your own skin. This is your expert guide to great skin - pure and simple. 'A refreshing, fad-free guide to glowing skin. A must read for anyone struggling with their skin health' Dr Megan Rossi

Built, Not Born Apr 10 2021 Get tested and proven advice on how to navigate risk and succeed in all phases of business ownership from a successful entrepreneur who turned a small startup into a billion-dollar company. Self-made billionaire and Paychex founder Tom Golisano understands the fears, risks, and challenges small-business owners face every day. He has launched and grown his own highly successful business and mentored dozens of entrepreneurs, helping them build their own fruitful companies. Golisano knows how nervous aspiring business owners are about the risks of entrepreneurship. Now, he's sharing the startup-to-exit secrets to success and how he turned \$3,000 into \$28 billion dollars. *Built, Not Born* shows you: How going against the grain can be a great strategy for finding business opportunities and why it pays to question conventional wisdom. Why the pregnant pause can be an effective weapon in negotiations and when interviewing potential employees. Why a prenuptial or even a postnuptial agreement is critical to any business owner. What potential buyers and funding sources look for, and the best way to present a business plan. And finally, the key growth and leadership strategies that have helped Paychex sustain its incredible level of growth and profitability. *Built, Not Born* provides a direct and practical approach on how to overcome everyday challenges. This essential handbook is a key resource for current and aspiring entrepreneurs on how to start, grow, and operate a successful business.

It's Our Ship Jan 20 2022 Captain D. Michael Abrashoff, legendary commander of the USS Benfold, continues in the same vein of his bestselling book *IT'S YOUR SHIP* with the knowledge he's gained from his speaking to and advising some of the top business minds in the world. The story of Captain Abrashoff and his command of USS Benfold has become legendary inside and outside the Navy. By governing his ship with his unique management techniques, Abrashoff turned the Benfold into a model of naval efficiency, with amazing cost savings, the highest gunnery score in the Pacific Fleet, and a highly motivated and top performing crew. In *IT'S YOUR SHIP*, he first demonstrated how to bring his successful management techniques from the ship to the boardroom. Now, in his newest book *IT'S OUR SHIP*, in the same rugged, can-do voice, Abrashoff will focus on the leadership, motivational, and management insights and tips that he has learned from his last six years of addressing business and corporate audiences. Abrashoff's timely advice will be eminently prescriptive, and will feature anecdotes and

insights from leaders of businesses large and small and from public and non-profit sectors.

Ethereum Dec 31 2022 It's a revolutionary use of blockchain technology with game changing consequences for hundreds of industries. Headed up by a genius, dubbed "The cryptocurrency prophet" and "The next Mark Zuckerberg" You see, 80% of the top 100 cryptocurrencies are built using Ethereum technology.

No-nonsense Resumes Sep 15 2021 A no-nonsense guide to creating an effective resume covers such topics as preparing a professional resume presentation, using attention-grabbing keywords and using electronic resume-submission tools.

The No-nonsense Guide to Leadership, Management and Team Working Feb 18 2022 This book provides a straight forward and pragmatic guide to leadership, management and team working in contemporary library and information services. Contemporary managers and leaders in library and information services are working in a challenging context; dealing with multiple demands on their time, expertise and resources. This book translates theories in team work, management and leadership into practical guidance backed up with examples and case studies from current library and information workers globally. There is a focus on attitudes, values and practices that make for good leadership and management. The book covers: -analysing your environment, understanding culture and developing strategies -working in the senior team and making an impact -confident leadership and management, decision making, problem solving and managing crises -leading, managing and supervising your team, establishing working practices and conflict management -delegation, dealing with overload and evaluating outcomes -managing large and small projects and the people side of projects -innovation and management of the change process -communications, managing e-mails and text messages and effective use of social media -recruitment and selection and performance management -managing and leading complex teams including collaborative, multi-professional, partnership and virtual teams -budgeting, managing finances, tendering, crowdfunding and taking part in audits -managing work/life balance, coaching and mentoring, emotional intelligence, resilience and mindfulness. *The No-Nonsense Guide to Leadership, Management and Teamwork* is a book that a new or aspiring manager or team leader will use to guide them through the first few years in their new role. It will also provide guidance and support to new or aspiring directors of library services and help them to navigate their way through decision making and problem solving at senior levels. In addition, individual practitioners who are struggling to understand the management and leadership practices that they are experiencing may find that it helps them to make sense of their current environment.

The No-Nonsense Guide To Flood Safety (Enhanced Edition) Aug 15 2021 This book could save your life! The enhanced edition of *The No-Nonsense Guide To Flood Safety* has been updated, while continuing to provide a comprehensive source for the latest (updated) research related to flood safety. Subjects covered include: a basic survey-level understanding of floods; flood rating systems explanations, how to be proactive in preparing for flood emergencies; providing suggestions by government and weather professionals/researchers on the best courses of action before, during, & after a flood; and appendices that include regional contacts for federal assistance as well as instructions for sandbagging. This larger-sized guide has been updated with greater editing and more information, and continues its mission as a 1-stop source for contingency planning as it relates to disaster & flood-related emergencies.

Getting Shit Done May 31 2020 Organizations continue to struggle achieving their strategies. Although organizations and industries can identify what needs to change, most strategy-execution efforts fail. Those strategy executions that don't fail outright will limp forward. Staggering price tags, incomplete deliverables, and a demoralized workforce usually lie in the wake of many change efforts. Not that this is a new problem, but the pace of competition and innovation today has substantially raised the stakes of the game. What worked yesterday may not work today, and an organization needs to be dynamic enough to choose new courses of action and make them a reality. Enough already. Closing the strategy execution gap starts by acknowledging that execution is a distinctive discipline and skillset built over time. By learning how to set better targets, align resources, lead at all levels, deliver results, and build controls around processes, we learn to build a system that ensures what gets done, stays done.

ISD from the Ground Up Nov 05 2020 A concise how-to guide to instructional design and a key resource for today's workplace learning and performance professionals. New trainers, experienced training

managers, and instructional designers will find value in the books practical, straightforward approach to training design.
