question in this thoughtful and engaging classic in 1989; now evangelical scholar and pastor Lester Ruth updates the conversation. Much remains of Webber's beloved original text, including his discussion of Anglicanism's six great gifts: mystery and awe, Christ-centered worship, sacramental reality, historical identity, participation in catholic traditions and holistic spirituality. Ruth adds fresh stories from evangelicals who have followed Webber's footsteps on the Canterbury trail, along with new essays that highlight the diversity of Anglican expressions today. The Mohawk Trail evokes visions of the ancient, recalls an abundance of historic incidents, and etches memories of nature's bounty. The trail weaves a fabric of both old and modern footprints through a historic college campus, past a fort under siege, down an old mill town's Main Street, up a barrier mountain, around a harrowing curve, and through awe-inspiring expanses of nature's finest work. It all begins when Soft Rain's teacher reads a letter stating that as of May 23, 1838, all Cherokee people are to leave their land and move to what many Cherokees called "the land of darkness" . . . the west. Soft Rain is confident that her family will not have to move, because they have just planted corn for the next harvest but soon thereafter, soldiers arrive to take nine-year-old Soft Rain, and her mother to walk the Trail of Tears, leaving the rest of her family behind. Because Soft Rain knows some of the white man's language, she soon learns that they must travel across rivers, valleys, and mountains. On the journey, she is forced to eat the white man's food and sees many of her people die. Her courage and hope are restored when she is reunited with her father, a leader on the Trail, chosen to bring her people safely to their new land. Breakfast - Bars, Balls & Noshes - Lunch - Soup - Dinner - Desserts A sixth-generation North Carolinian, highly-acclaimed author John Ehle grew up on former Cherokee hunting grounds. His experience as an accomplished novelist, combined with his extensive, meticulous research, culminates in this moving tragedy rich with historical detail. The Cherokee are a proud, ancient civilization. For hundreds of years they believed themselves to be the "Principle People" residing at the center of the earth. But by the 18th century, some of their leaders believed it was necessary to adapt to European ways in order to survive. Those chiefs sealed the fate of their tribes in 1875 when they signed a treaty relinquishing their land east of the Mississippi in return for promises of wealth and better land. The U.S. government used the treaty to justify the eviction of the Cherokee nation in an exodus that the Cherokee will forever remember as the "trail where they cried." The heroism and nobility of the Cherokee shine through this intricate story of American politics, ambition, and greed. ending Morgan's raid was a much harder job than anyone anticipated. With the John Hunt Morgan Heritage Trail, you too can follow Morgan's route through southern and eastern Ohio. Fifty-six interpretive signs covering 557 miles through nineteen counties tell the story of the raid's successful beginnings, the battle with Union forces at Buffington Island, Morgan's desperate escapes, and finally his capture. In 1851, 12-year-old orphan Austin Ives joins a wagon train headed for California. As he makes his way across the country, Austin writes home to his brother Levi, describing life on the rugged Overland Trail. Extensively researched, with episodes based on true incidents, "the epistolary format and character development offer solid reading."--Booklist An IRA Teachers' Choice In 1841 and 1842 small groups of emigrants tried to discover a route to California passable by wagons. Without reliable maps or guides, they pushed ahead, retreated, detoured, split up, and regrouped, reaching their destination only at great cost of property and life. But they had found a trail, or cleared one, and by their mistakes had shown others how to take wagon trains across half a continent. By 1844 a great migration was in progress. Each successive party learned from those who went before where to cross rivers and mountains, when to rest, when to forge ahead, and how to find food

and water. Increased experience was translated into better wagon designs, improved understanding of climate and terrain, and better-supplied and -organized caravans. George R.
