In her memoir, *Strand of Pearls*, author Deborah Livingston recounts her journey from childhood abuse, frequent tragedy, and adult addiction to a spiritual transformation that brought her an inner peace and joy available to us all. Deborah was the first of three children born to a Canadian

father and a New England mother—parents who were worlds apart in their own upbringings and views of the world. From two to sixteen, when she was finally able to break free, Deborah suffered abuse at the hands of her father. Her freedom from that abuse took her to abuse at the hands of others and to a tragic accident that cost the life of a friend. Her misfortunes early in life and her inability to see them as the “pearls” they actually were led to serious addiction in her early forties. And yet this addiction saved her life, preparing her for the inner transformation she would experience. In *Strand of Pearls*, Livingston invites the reader into the most painful, raw moments of her past so that the light of the present might shine brighter—as an invitation to others to embrace hope, faith, and gratitude in their lives. This book is a collection of 366 sayings from Gen. Albert Pike, 33°, Grand Commander of the Scottish Rite, interspersed with images of him and personal artifacts.

In 1994, JoAnna Lund self-published her first book, *The Healthy Exchanges(r) Cookbook*, with a two-thousand-dollar loan from her local bank and the determination to bring her message of hope to the countless people seeking to "live healthy in the real world." Today, JoAnna's books total more than one million copies in print, and her easy-to-prepare, healthy recipes have won the hearts of home cooks across the country. But more than just healthy recipes have attracted this legion of fans to the self-proclaimed Diet Queen of DeWitt, Iowa. Over the years, JoAnna has shared her common-folk wisdom through her personal appearances and public lectures, her television and

radio shows, and in her books and newsletter. Now that wisdom is distilled in *String of Pearls*. Like pearls, the insights revealed in this book are precious; each has been polished by hard work, and burnished by experience. And while each may be beautiful alone, when taken together, they create a vision of beauty, strength, and durability. Yet *String of Pearls* is as practical, down-to-earth, and full of common sense as JoAnna herself. With this book, she helps readers feel good about themselves and focus on the truly important and enduring things in their lives. *The String of Pearls* is a classic gothic story, which features the infamous Sweeney Todd. "This book is published in conjunction with the exhibition *Pearls on a String: Artists, Patrons, and Poets* at the Great Islamic Courts, presented at The Walters Art Museum from November 8, 2015 to January 31, 2016 and at the Asian Art Museum, San Francisco from February 26 to May 8, 2016." *Pearls and Knots* is a grandmother's story about her family, her life's magical moments, and her never-too-late writing journey. Sometimes gripping, sometimes lyrical, always current and humorous, Sarah Schwarcz's tales will hook your imagination and heart. With one foot in the real world and one foot in fantasy throughout her life, Sarah brings the two worlds together as she shapes meaning from moments, gaining insights to living--in the best of times, and some of the worst of times. Growing up in Dubuque, Iowa, Sarah crosses the Mississippi on the Julien Dubuque Bridge to live in several cities, before settling in the Chicago area to teach and raise her family. As she separates problems from blessings, she realizes we learn from both, and seeks to share that insight. Sarah encourages

readers to cross their own bridges, one tear and one laugh at a time, to reach their 'aha' moments, gaining truths and faith in their own voices and choices. Warning: just be sure not to cross your bridges during summer fishfly season--read her memoir to find out why! Take the time to write a few of your stories to share with family and friends. Reflection and resilience are the two buoys that steady her as she leaps from pearl to pearl on her way through life's challenges. The former managing editor of *The National Review* recalls her salad days as a journalist at the close of World War II, and later, in postwar Paris. 15,000 first printing. Sweeney Todd is a barber who murders his customers and turns their remains into meat pies sold at the pie shop of Mrs. Lovett, his partner in crime. His barber shop is situated in Fleet Street, London, next to St. Dunstan's church, and is connected to Lovett's pie shop in nearby Bell Yard by means of an underground passage. Todd dispatches his victims by pulling a lever while they are in his barber chair, which makes them fall backward down a revolving trapdoor and generally causes them to break their necks or skulls on the cellar floor below. If the victims are still alive, he goes to the basement and "polishes them off" by slitting their throats with his straight razor. This title is not intended to be a definitive work on baptism. Originally written in 1977, it is simply a journal the author narrated for his friends who were interested in understanding why he moved from a paedobaptist position. The exploits of Sweeney Todd, 'The Demon Barber of Fleet Street', have been recounted many times in plays, films and musicals, but the origins of the character largely were forgotten for many years. The String of Pearls - the original tale of Sweeney Todd, a classic of British horror - was first published as a weekly serial in 1846-7 by Edward Lloyd, the King of the Penny Dreadfuls. One of the earliest detective stories, it became an important source for Bram Stoker's Dracula, but it was after over 150 years of obscurity that it appeared first in book form in the Wordsworth edition published in 2005. This little piece had been sooner in your hands, but that my being in the country, and some other important business that has lain hard upon my hands, has prevented it until now. I have read of a certain painter, who, being to express the sorrow of a bereaved father, thought it

best to present him with his face covered, that so he might have that grief to be imagined by them, which he found himself unable to set out to the full. I know I am not able to paint out your great grief and sorrow for the loss of such a wife, of such a child, of such a sister, etc., and I could wish that this piece, which is brought forth to satisfy your importunity, may not make the wound to bleed afresh. However, if it does, thank yourselves, blame not me. For those who would like to know the Bible better. Discover more of the wonderful treasures of the Scriptures for yourself. China's rising maritime power is encountering American maritime power along the sea lines of communication (SLOCs) that connect China to vital energy resources in the Middle East and Africa. The "String of Pearls" describes the manifestation of China's rising geopolitical influence through efforts to increase access to ports and airfields, develop special diplomatic relationships, and modernize military forces that extend from the South China Sea through the Strait of Malacca, across the Indian

Ocean, and on to the Arabian Gulf. A question posed by the "String of Pearls" is the uncertainty of whether China's growing influence is in accordance with Beijing's stated policy of "peaceful development," or if China one day will make a bid for regional primacy. This is a complex strategic situation that could determine the future direction of China's relationship with the United States, as well as China's relationship with neighbors throughout the region. The purpose of this paper is to analyze the "String of Pearls" from within the context of the post-Cold War global security environment and propose informed recommendations for U.S. policy and strategy. Substantive, results-oriented engagement supported by pragmatic military hedging is the best strategy to influence and encourage China to participate in the international community as a responsible stakeholder. Bold leadership and prudent foresight will enable the United States and China to reap the rewards of strategic cooperation and avert the calamity of a hostile confrontation.

"Michele Lowe's radiant new play explores the possibilities that open up in the lives of an array of women as they come into contact with a certain strand of pearls. On the eve of her granddaughter Amy's wedding, Beth asks to see the pearls she gave Amy's mother long ago. When Amy cannot produce them Beth determines to find the pearls. She takes us back to the time when she received them and then gave them to her daughter, who passed them on to her dearest friend Ela who lost them one Sunday

morning. Spanning 35 years, the pearls touch the lives of mothers and daughters, sisters and friends, even husbands and wives as they weave a deeply affecting story of love and loss."--Publisher's website.
