Five Days at Memorial Aug 31
2022 NEW YORK TIMES
BESTSELLER • The award-winning book that inspired an Apple Original series from Apple TV+ • A landmark investigation of patient deaths at a New Orleans hospital ravaged by Hurricane Katrina—and the suspenseful portrayal of the quest for truth and justice—from a Pulitzer Prize-winning physician and reporter “An amazing tale, as inexorable as a Greek tragedy and as gripping as a whodunit.”—Dallas Morning News After Hurricane Katrina struck and power failed, amid rising floodwaters and heat, exhausted staff at Memorial Medical Center designated certain patients last for rescue. Months later, a doctor and two nurses were arrested and accused of injecting some of those patients with life-ending drugs. *Five Days at Memorial*, the culmination of six years of reporting by Pulitzer Prize winner Sheri Fink, unspools the mystery, bringing us inside

a hospital fighting for its life and into the most charged questions in health care: which patients should be prioritized, and can health care professionals ever be excused for hastening death?

Transforming our understanding of human nature in crisis, *Five Days at Memorial* exposes the hidden dilemmas of end-of-life care and reveals how ill-prepared we are for large-scale disasters—and how we can do better. The Short Story in

Midcentury America Sep 27

2019 The Short Story in

Midcentury America provides in-depth case studies of four major writers of the post-World War II era—Paul Bowles, Mary McCarthy, Eudora Welty, and Tennessee

Williams—examining how they used the contained aesthetics of short fiction to map out an oppositional stance to the dominant narratives, both political and literary, of mid-twentieth century U.S. culture. Sam V. H. Reese presents a new understanding of the connections between politics, ideology, and literary form, arguing that writers employed the short story to critique the cultural mores of the early Cold War. The four authors under discussion found themselves socially marginalized by mainstream U.S. culture due to such factors as their gender, sexual orientation, religion, and foreign residence. Reese shows that each author embraced the short story's compressed form as a means of resisting political coercion and conformity, speaking out in

support of freedom and open expression. Reese argues that these four writers used the formal restrictions of the short story to develop a type of fiction that became recognizably countercultural, challenging the expansive, sprawling novels then receiving acclaim from critics. His analysis underscores the means by which each author's short stories utilized the aesthetic practices of mediums outside conventional narrative fiction: Bowles's career as a composer, McCarthy's criticism and memoirs, Williams's playwriting, and Welty's photography. By studying both their prose and its conceptualization, Reese reveals how writers resisted the political and stylistic pressures that defined U.S. literary culture in the early years of the Cold War. In *The Short Story in Midcentury America*, Reese establishes a new framework for considering countercultural literature in the United States, reassessing the critical standing of the short story and re-evaluating

the relationship between
marginal social positions and
literary form during the mid-
twentieth century.

Horrid Apr 14 2021 From the

author of *You Must Not Miss*

comes a haunting

contemporary horror novel that

explores themes of mental

illness, rage, and grief, twisted

with spine-chilling elements of

Stephen King and Agatha

Christie. Following her father's

death, Jane North-Robinson

and her mom move from sunny

California to the dreary,

dilapidated old house in Maine

where her mother grew up. All

they want is a fresh start, but

behind North Manor's doors

lurks a history that leaves them

feeling more alone . . . and

more tormented. As the cold

New England autumn arrives,

and Jane settles in to her new

home, she finds solace in old

books and memories of her

dad. She steadily begins

making new friends, but also
faces bullying from the

resident "bad seed," struggling

to tamp down her own worst

nature in response. Jane's mom

also seems to be spiraling with

the return of her childhood

home, but she won't reveal

why. Then Jane discovers that

the "storage room" her mom

has kept locked isn't for

storage at all -- it's a little girl's

bedroom, left untouched for

years and not quite as empty of

inhabitants as it appears . . . Is

it grief? Mental illness? Or

something more . . . horrid?

Crimson Candlesticks Nov 29

2019 *Crimson Candlesticks*, a

Christian, fictional novel that is

filled with Charlottes relentless

search to find out who she is

and why her familys treasured

heirlooms, the century old

crimson candlesticks hold so

much intrigue and power in her

search for freedom and

happiness. The opening

chapter introduces us to

Charlotte who is filled with

such inner turmoil and sadness about her life that really is fulfilling but does not offer her the deepest desires that she covets: a doctorate from The Juilliard School, a husband, and the search for who she really is. The novel is filled with humor, sadness, and joy focusing on Charlotte Mays dreams to earn a doctorate from Juilliard, despite having already received a masters degree from The Boston Conservatory and living a comfortable, secure life in Tennessee. Yet, Charlotte yearns for more, for a doctorate, a husband, and world-wide recognition. Throughout Charlottes quest Wild at Home Dec 11 2020 "Hilton Carter's love for plants is infectious... His lush and exuberant displays are inspiring reminders that plants can be so much more than neat little containers on a window sill." Grace Bonney, Founder and Editor-in-Chief, Design*Sponge Take a tour through Hilton's own apartment and other lush spaces, filled with a huge array

of thriving plants, and learn all you need to know to create your own urban jungle. As the owner of over 200 plants, Hilton feels strongly about the role of plants in one's home - not just for the beauty they add, but for health benefits as well: 'having plants in your home not only adds life, but changes the airflow throughout. It's also a key design element when styling your place. For me, it wasn't about just having greenery, but having the right variety of greenery. I like to see the different textures of foliage all grouped together. You take a fiddle leaf fig and sandwich it between a birds of paradise and a monstera and.... yes!' You will be armed with the know-how you need to care for your plants, where to place them, how to propagate, how to find the right pot, and much more, and most importantly, how to arrange them so that they look their best. Combine sizes and leaf shapes to stunning effect, grow your own succulents from leaf cuttings, create your own air plant

display, and more.

[COVID-19 Conspiracy Theories](#)
Aug 07 2020 As the novel coronavirus (Covid-19) spread around the world, so did theories, stories, and conspiracy beliefs about it. These theories infected communities from the halls of Congress to Facebook groups, spreading quickly in newspapers, on various social media and between friends. They spurred debate about the origins, treatment options and

responses to the virus, creating distrust towards public health workers and suspicion of vaccines. This book examines the most popular Covid-19 theories, connecting current conspiracy beliefs to long-standing fears and urban legends. By examining the vehicles and mechanisms of Covid-19 conspiracy, readers can better understand how theories spread and how to respond to misinformation.

Sundial Mar 14 2021 "DO NOT MISS THIS BOOK.

Authentically terrifying."
—Stephen King Sharp as a snakebite, *Sundial* is a gripping novel about the secrets we bury from the ones we love most, from Catriona Ward, the author of *The Last House on Needless Street*. You can't escape what's in your blood... Rob has spent her life running from *Sundial*, the family's ranch deep in the Mojave Desert, and her childhood memories. But she's worried about her daughter, Callie, who collects animal bones and whispers to imaginary friends. It reminds her of a darkness

that runs in her family, and Rob knows it's time to return. Callie is terrified of her mother. Rob digs holes in the backyard late at night, and tells disturbing stories about growing up on the ranch. Soon Callie begins to fear that only one of them will leave Sundial alive... "This book will haunt you."—Alex Michaelides, New York Times bestselling author "An unthinkable feat." —The New York Times Book Review At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Dark Folklore Mar 02 2020
How did our ancestors use the concept of demons to explain sleep paralysis? Is that carving in the porch of your local church really what you think it is? And what's that tapping noise on the roof of your car..? The fields of folklore have never been more popular - a recent resurgence of interest in traditional beliefs and customs, coupled with morbid curiosities in folk horror, historic witchcraft cases and our superstitious past, have led to

an intersection of ideas that is driving people to seek out more information. Tracey Norman (author of the acclaimed play WITCH) and Mark Norman (creator of The Folklore Podcast) lead you on an exploration of those more salubrious facets of our past, highlighting those aspects of our cultural beliefs and social history that are less 'wicker basket' and more 'Wicker Man'.

Un-Dead TV Aug 26 2019

Vampires are ubiquitous in our popular culture--from movies to television, in fiction and art, and even within the hallowed halls of academia. But in the not-so-distant past, these undead creatures held more fear than fascination; they lived in the shadows and were the stuff of nightmares. In 1897, Bram Stoker introduced Dracula to the Western world--and our concept of vampires was changed forever. For over sixty years, the undead have bled the television airwaves, appearing in every type of

programming imaginable. Un-Dead TV catalogues over one thousand unique vampire appearances—and is the first book of its kind to explore this phenomenon to the extent that it truly deserves.

Law and the Arms Trade Jul 06 2020 This ground-breaking book offers an extensive legal analysis-grounded in public, EU, and international law-of arms trade regulation, integrated with insights drawn from international relations. The sale of weapons and related technologies is, globally, one of the most politically controversial and ethically contentious forms of commerce. Intimately connected with sustaining repressive governments and violations of international human rights and humanitarian law, arms exports are also a central element in the economic and strategic policies of the governments of all large industrial states. They have also been the source of abundant corruption, and of serious challenges to the norms and effectiveness of

constitutional accountability in democratic states. On paper, the arms trade is heavily regulated: national legislation and international treaties are in place which purport to prohibit certain transactions and limit others. Yet despite its importance, legal and international relations scholarship on the subject has been surprisingly limited. This book fills this gap in the literature by examining and comparing the export control regimes of eight leading nations - USA, Russia, the UK, France, Germany, Sweden, China, and India - with chapters contributed by leading experts in the field of law and international relations.

Elena, Princesa of the Periphery Feb 22 2022 In the summer of 2016, Disney introduced its first Latina princess, Elena of Avalor. *Princesa of the Periphery* explores this Disney property using multiple case studies to understand its approach to girlhood and Latinidad. Following the circuit of culture model, author Diana Leon-Boys

teases out moments of complex negotiations by Disney, producers, and audiences as they navigate Elena's circulation. Case studies highlight how a flexible Latinidad is deployed through corporate materials, social media pages, theme park experiences, and the television series to create a princess who is both marginal to Disney's normative vision of princesshood and central to Disney's claims of diversification. This multi-layered analysis of Disney's mediated Latina girlhood interrogates the complex relationship between the U.S.'s largest ethnic minority and a global conglomerate that stands in for the U.S. on the global stage.

She Is Not Your Rehab Jan 12 2021
At My Fathers Barbers, Mataio (Matt) Faafetai Malietoa Brown offers men a haircut with a difference: a safe space to be seen and heard without judgement. From his barbershop chair, Matt has inspired a new generation of New Zealand men to break free from the cycle of abuse — and those men have in turn inspired him and his wife, Sarah, to create the global anti-violence movement, *She Is Not Your Rehab*. In this raw and unflinching book Matt shares his own story and those of his clients, of surviving family violence and abuse, and how they were able to find healing and turn their lives around. He introduces the people and concepts that have helped him heal, and gives readers the tools they need to begin their own journeys. *She is Not Your*

Rehab demonstrates the power of vulnerability and honesty in addressing pain and shame, and shows how anyone can empower themselves by taking responsibility for their own healing.

The Shock Doctrine Sep 19 2021 The bestselling author of No Logo shows how the global "free market" has exploited crises and shock for three decades, from Chile to Iraq In her groundbreaking reporting, Naomi Klein introduced the term "disaster capitalism." Whether covering Baghdad after the U.S. occupation, Sri Lanka in the wake of the tsunami, or New Orleans post-Katrina, she witnessed something remarkably similar. People still reeling from catastrophe were being hit again, this time with economic "shock treatment," losing their land and homes to rapid-fire corporate makeovers. The Shock Doctrine retells the story of the most dominant ideology of our time, Milton Friedman's free market economic revolution. In contrast to the popular myth of this

movement's peaceful global victory, Klein shows how it has exploited moments of shock and extreme violence in order to implement its economic policies in so many parts of the world from Latin America and Eastern Europe to South Africa, Russia, and Iraq. At the core of disaster capitalism is the use of cataclysmic events to advance radical privatization combined with the privatization of the disaster response itself. Klein argues that by capitalizing on crises, created by nature or war, the disaster capitalism complex now exists as a booming new economy, and is the violent culmination of a radical economic project that has been incubating for fifty years.

Raven Black Dec 23 2021 Winner of Britain's coveted Duncan Lawrie Dagger Award, Ann Cleaves introduces a dazzling new suspense series to U.S. mystery readers. Raven Black begins on New Year's Eve with a lonely outcast named Magnus Tait, who stays home waiting for visitors who never come. But the next

morning the body of a murdered teenage girl is discovered nearby, and suspicion falls on Magnus. Inspector Jimmy Perez enters an investigative maze that leads deeper into the past of the Shetland Islands than anyone wants to go.

Arms Transfers and

Dependence Jun 04 2020 First published in 1988, Arms Transfers and Dependence was written to provide a view of arms transfers in the context of the global distribution of power. The book analyses different types of dependence and is focused on comparing the enhancement of military capabilities as a result of arms transfers with the dependence that may be caused by those transfers. In doing so, it provides an overview of how particular structures of imports and exports of arms lead to dependence.

The Art of the Book of Life

Feb 10 2021 A tale packed with adventure, The Book of Life celebrates the power of friendship and family, and the courage to follow your dreams.

Homesick Jan 24 2022 The story of a personal housing crisis that led to a discovery of the true value of home.

'Incredibly moving. To find peace and a sense of home after a life so profoundly

affected by the housing crisis, is truly inspirational' Raynor Winn, bestselling author of *The Salt Path* Aged thirty-one, Catrina Davies was renting a box-room in a house in Bristol, which she shared with four other adults and a child. Working several jobs and never knowing if she could make the rent, she felt like she was breaking apart. Homesick for the landscape of her childhood, in the far west of Cornwall, Catrina decides to give up the box-room and face her demons. As a child, she saw her family and their security torn apart; now, she resolves to make a tiny, dilapidated shed a home of her own. With the freedom to write, surf and make music, Catrina rebuilds the shed and, piece by piece, her own sense of self. On the border of civilisation and wilderness, between the woods and the sea, she discovers the true value of home, while trying to find her place in a fragile natural world. This is the story of a personal housing crisis and a country-wide one, grappling with class, economics, mental

health and nature. It shows how housing can trap us or set us free, and what it means to feel at home.

The Psychopolitics of Food

Jul 30 2022 The Psychopolitics of Food probes into the contemporary 'foodscape', examining culinary practices and food habits and in particular the ways in which they conflate with neoliberal political economy. It suggests that generic alimentary and culinary practices constitute technologies of the self and the body and argues that the contemporary preoccupation with food takes the form of 'rites of passage' that express

and mark the transition from a specific stage of neoliberal development to another vis-à-vis a re-configuration of the alimentary and sexual regimes. Even though these rites of passage are taking place on the borders of cultural bipolarities, their function, nevertheless, is precisely to define these borders as sites of a neoliberal transitional demand; that is, to produce a cultural bifurcation between 'eating orders' and 'eating disorders', by promoting and naturalising certain social logics while simultaneously rendering others as abject and anachronistic. The book is a worthwhile read for researchers and advanced scholars in the areas of food studies, critical psychology, anthropology and sociology.

Finding Latinx Sep 07 2020

Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people

defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the “Las Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, *Finding Latinx* calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

NATØ: Narrative Architecture in Postmodern London Jun 28 2022
Chronicling the last

radical architectural group of the twentieth century - NATØ (Narrative Architecture Today) - who emerged from the Architectural Association at the start of the 1980s, this book explores the group’s work which echoed a wider artistic and literary culture that drew on the specific political, social and physical condition of 1980s London. It traces NATØ’s identification with a particular stream of post-punk, postmodern expression: a celebration of the abject, an aesthetic of entropy, and a do-it-yourself provisionality. NATØ has most often been documented in reference to Nigel Coates (the instigator of NATØ), which has led to a one-sided, one-dimensional record of NATØ’s place in architectural history. This book sets out a more detailed, contextual history of NATØ, told through photographs, drawings, and ephemera, restoring a truer polyvocal narrative of the group’s ethos and development.
