Possessed by Memory Jul 15 2021 In arguably his most personal and lasting book, America's most daringly original and controversial critic gives us brief, luminous readings of more than eighty texts by canonical authors-- texts he has had by heart since childhood. Gone are the polemics. Here, instead, in a memoir of sorts--an inward journey from childhood to ninety--Bloom argues elegiacally with nobody but Bloom, interested only in the influence of the mind upon itself when it absorbs the highest and most enduring imaginative literature. He offers more than eighty meditations on poems and prose that have haunted him since childhood and which he has possessed by memory: from the Psalms and Ecclesiastes to Shakespeare and Dr. Johnson; Spenser and Milton to Wordsworth and Keats; Whitman and Browning to Joyce and Proust; Tolstoy and Yeats to Delmore Schwartz and Amy Clampitt; Blake to Wallace Stevens--and so much more. And though he has written before about some of these authors, these exegeses, written in the winter of his life, are movingly informed by "the freshness of last things." As Bloom writes movingly: "One of my concerns throughout *Possessed by Memory* is with the beloved dead. Most of my good friends in my generation have departed. Their voices are still in my ears. I find that they are woven into what I read. I listen not only for their voices but also for the voice I heard before the world was made. My other concern is religious, in the widest sense. For me poetry and spirituality fuse as a single entity. All my long life I have sought to isolate poetic knowledge. This also involves a knowledge of God and gods. I see imaginative literature as a kind of theurgy in which the divine is summoned, maintained, and augmented."

Scandinavians Oct 30 2022 Scandinavia is the epitome of cool: we fill our homes with Nordic furniture; we envy their humane social welfare system and their healthy outdoor lifestyle; we glut ourselves on their crime fiction; even their strangely attractive melancholia seems to express a stoic, commonsensical acceptance of life's vicissitudes. But how valid is this outsider's view of Scandinavia, and how accurate our picture of life in Scandinavia today? *Scandinavians* follows a chronological progression across the Northern centuries: the Vendel era of Swedish prehistory; the age of the Vikings; the Christian conversions of Denmark, Norway, Sweden and Iceland; the unified Scandinavian state of the late Middle Ages; the sea-change of the Reformation; the kingdom of Denmark-Norway; King Gustav Adolphus and the age of Sweden's greatness; the cultural golden age of Ibsen, Strindberg and Munch; the impact of the Second World War; Scandinavia's postwar social democratic nirvana; and the terror attacks of Anders Behring Breivik. *Scandinavians* is also a personal investigation, with award-winning author Robert Ferguson as the ideal companion as he explores wide-ranging topics such as the power and mystique of Scandinavian women, from the Valkyries to the Vikings; from Nora and Hedda to Garbo and Bergman. This digressive technique is familiar from the writings of W. G. Sebald, and in Ferguson's hands it is deployed with particular felicity, accessibility, and deftness, richly illuminating our understanding of modern Scandinavia, its society, politics, culture, and temperament.

Translanguaging in Translation Aug 28 2022 This book brings applied linguistics and translation studies together through an analysis of literary texts in Chinese, Hindi, Japanese and Korean and their translations. It examines the traces of translanguaging in translated texts with special focus on the strategic use of scripts, morphemes, words, names, onomatopoeias, metaphors, puns and other contextualized linguistic elements. As a result, the author draws attention to the long-term, often invisible contributions of translanguaging performed by translators to the development of languages and society. The analysis sheds light on the problems caused by monolingualizing forces in translation, teaching and communicative contexts in modern societies, as well as bringing a new dimension to the burgeoning field of translanguaging studies.

Progress in Self Psychology, V. 19 Jul 27 2022 The contributors to Explorations in Self Psychology, volume 19 of the Progress in Self Psychology series, wrestle with two interrelated questions at the nexus of contemporary discussions of technique: How "authentic" and relationally invested should the self psychologically informed analyst be, and what role should self-disclosure play in the treatment process? The responses to these questions embrace the full range of clinical possibilities. Dudley and Walker argue that empathically based interpretation precludes self-disclosure whereas Miller argues in favor

of authentic self-expression and against the self psychologist's frustrating attempt to "decenter" from frustration or anger.

Consideration of the utility of a consistently empathic stance continues with Weisel-Barth's clinical presentation and the discussions that it elicits about management of her patient's primary destructiveness. Lenoff's critical rereading of Kohut's "Examination of the Relationship Between Mode of Observation and Theory" and Rieveschl & Cowan's "Selfhood and the Dance of Empathy" deepen still further a contemporary perspective on the nature (and advisability) of a consistently empathic stance in the face of interactive and enactive treatment challenges. Other timely self-psychological explorations examine the twinship selfobject experience and homosexuality; self-psychological work with adolescents; and Neville Symington's theory of narcissism. Contributions to applied analysis explore topics as diverse as an exchange of dreams between John Adams and Benjamin Rush; Mann's *Death in Venice*; the films of Ingmar Bergman; psychotherapy of the elderly; and disabilities in the sensory-motor integration in children. And Volume 19 concludes with Constance Goldberg's candid and enlightening reminiscence of Heinz Kohut, "a very complex man with whom to be in a relationship."

Madras Studios Apr 23 2022 This book documents the history of Tamil cinema, one of the most colossal film industries in the world, and studies the major studios of Madras, the largest outside classical Hollywood in the private sector. It engages with five major studios of Madras—Modern Theatres, AVM, Gemini, Vijaya-Vauhini, and Prasad—through the origins of their founders, and explicates how their history influenced the narratives, genre, and ideology of the canonical films made in Madras studios, arguing for their lasting influence on Tamil cinema. Based on rare primary and secondary materials, and oral history, this book engages with Tamil cinema at the intersection of its industrial, cultural, and socio-political history to argue for its specificity in terms of its aesthetics and its belief in the potential of the medium to mobilize audiences for ideology, politics, and reflexivity.

Rent Nov 18 2021 In these pages, *Rent* offers what most theater books can't: a chance to step behind the curtain and feel the electricity of a stage phenomenon as it unfolds. *Rent* has single-handedly reinvigorated Broadway and taken America by storm. Here is the exclusive and absolutely complete companion to *Rent*, told in the voices of the extraordinary talent behind its success: the actors, the director, the producers, and the librettist and composer himself, Jonathan Larson, whose sudden death, on the eve of the first performance, has made *Rent*'s life-affirming message all the more poignant.
