"Love The Wheel of Time? This is about to become your new favorite series." --B&N SF & Fantasy Blog A young man with forbidden magic finds himself drawn into an ancient war against a dangerous enemy in book one of the Licanus Trilogy, the series that fans are heralding as the next Wheel of Time. As destiny calls, a journey begins. It has been twenty years since the godlike Augurs were overthrown and killed. Now, those who once served them -- the Gifted -- are spared only because they have accepted the rebellion's Four Tenets, vastly limiting their powers. As a Gifted, Davian suffers the consequences of a war lost before he was even born. He and others like him are despised. But when Davian discovers he wields the forbidden power of the Augurs, he and his friends WIRR and Asha set into motion a chain of events that will change everything. To the west, a young man whose fate is intertwined with Davian's wakes up in the forest, covered in blood and with no memory of who he is... And in the far north, an ancient enemy long thought defeated begins to stir. The Licanus Trilogy is a series readers will have a hard time putting down--a relentless coming-of-age epic from the very first page. "Storytelling assurance rare for a debut . . . Fans of Robert Jordan and Brandon Sanderson will find much to admire."-- Guardian The Licanus TrilogyThe Shadow of What Was LostAn Echo of Things to ComeThe Light of All That Falls The author, who passed as a Gentile throughout the war, shares wartime observations and describes his experiences with the Italian resistance movement Across America, universities have become big businesses—and our cities their company towns. But there is a cost to those who live in their shadow. Urban universities play an outsized role in America's cities. They bring diverse ideas and people together and they generate new innovations. But they also gentrify neighborhoods and exacerbate housing inequality in an effort to enrich their campuses and attract students. They maintain private police forces that target the Black and Latinx neighborhoods nearby. They become the primary employers, dictating labor practices and suppressing wages. In the Shadow of the Ivory Tower takes readers from Hartford to Chicago and from Phoenix to

Manhattan, revealing the increasingly parasitic relationship between universities and our cities. Through eye-opening conversations with city leaders, low-wage workers tending to students' needs, and local activists fighting encroachment, scholar Davarian L. Baldwin makes clear who benefits from unchecked university power—and who is made vulnerable. In *The Shadow of the Ivory Tower* is a wake-up call to the reality that higher education is no longer the ubiquitous public good it was once thought to be. But as Baldwin shows, there is an alternative vision for urban life, one that necessitates a more equitable relationship between our cities and our universities. Explaining how multitudes of North Americans are carrying the pain of all types of loss—not just the deaths of loved ones but also the loss of a spouse through divorce, children who leave home, and the decline of health as they age or get sick—this balanced resource empowers mourners and grief counselors to turn grief into an experience to be learned from. Defining the varieties of heartache and its consequences, this effective guide explores how to inventory, understand, embrace, and reconcile one's accumulated sorrow through a five-phase "catch-up" mourning process. Readers will learn to use a spiritual and holistic approach to examine and integrate the ignored loss from their pasts, so that they can go on to live fuller, more balanced lives. Nunzio is an idealist at heart. His heart swells with passions. Nunzio's early years consisted of traveling and developing an appreciation for the people, the nature, and the culture of Italy. His father immersed Nunzio in literature so that even an ordinary day could remind Nunzio of a poem. While serving as the priest of a small parish in the countryside of Italy, Nunzio's admiration of beauty gets him into trouble. Mariella, a beautiful woman with a gentle story about sadness showing that sometimes all you need to feel better is the openness of someone who accepts you as you are. *HER WORLD-ALTERING SECRET CAN'T BE HIDDEN MUCH LONGER* Elloren Gardner hides the most powerful secret in all Erthia--she is the Black Witch of Prophecy, and destined to triumph...or be used as the ultimate weapon of destruction. 'Over a number of years, Friedrich Schneider and his team of collaborators have made an impressive effort to estimate the size of the shadow economy. This volume presents their work on data for the majority of the world's countries and also contains attempts to explain the driving forces behind the size and growth of the hidden economy. It will become a central reference for all economists interested in this aspect of the interaction between the public and private sectors.' - Agnar Sandmo, Norwegian School of Economics and Business Administration, Norway Sunni and Blaise face their most dangerous challenge yet in their third and final adventure. An old enemy is still tracking Corvo and will stop at nothing to find him. Sunni and Blaise must fight to protect Corvo's secrets and rid themselves of Soranzo's evil threat once and for all. "This is absorbing, headlong reading, a play on classic horror with an inventiveness of its own... As with all the best illusions, you are left feeling not tricked, but full of wonder." - The New York Times The haunting new thriller from Alex North, author of the New York Times bestseller *The Whisper Man* You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile--always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet--and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree--and his victim--were Paul's friends. Paul has slowly put his life back together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago.

It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again... Monica Randall uncovers how she came to live at Winfield, the manor built by the millionaire F.W. Woolworth and the history behind both the mansion and the family that lived there. A narrative account of the pioneering photographer's life-risking effort to document a disappearing North American Indian nation offers insight into the danger and resolve behind his venture, his elevation to an impassioned advocate and the posthumous discovery of his considerable achievements. 'Deliciously dark' Woman Magazine James Bamford has been the preeminent expert on the National Security Agency since his reporting revealed the agency's existence in the 1980s. Now Bamford describes the transformation of the NSA since 9/11, as the agency increasingly turns its high-tech ears on the American public. *The Shadow Factory* reconstructs how the NSA missed a chance to thwart the 9/11 hijackers and details how this mistake has led to a heightening of domestic surveillance. A searing exposé of the effects of the mass incarceration crisis on families -- including the 2.7 million American children who have a parent locked up In *The Shadow System*, award-winning journalist Sylvia A. Harvey follows the fears, challenges, and small victories of three families struggling to live within the confines of a brutal system. In Florida, a young father tries to maintain a relationship with his daughter despite a sentence of life without parole. In Kentucky, where the opioid epidemic has led to the increased incarceration of women, many of whom are white, one mother fights for custody of her children. In Mississippi, a wife steels herself for her husband's thirty-ninth year in prison and does her best to keep their sons close. Through these stories, Harvey reveals a shadow system of laws and regulations enacted to dehumanize the incarcerated and profit off their families -- from mandatory sentencing laws, to restrictions on prison visitation, to astronomical charges for brief phone calls. *The Shadow System* is an eye-opening account of the way incarceration has impacted generations of American families; it delivers a galvanizing clarion call to fix this broken system. The Shadow Witch A wonderful story that takes place inside a fireplace. Fanciful and descriptive. Long ago, in the Land of Shadows, lived the Shadow Witch, the one beautiful and loving creature in all that dim and darksome land that lies away from the Land of Fire, and between it and the Chimney Back. Close to her domain is the great Plain of Ash, where the giant, Curling Smoke, rises, where the crafty Ash Goblin lurks, where the boisterous Wind in the Chimney swoops down from out the Chimney Mouth. Here, I will tell you the story of how the Shadow Witch came to leave that grim land with its evil fairies, and why it is that she now dances with happiness amid the good fairies of the Fire, in the Land of Glowing Embers.
