What if the real key to a richer and more fulfilling career was not to create and scale a new start-up, but rather, to be able to work for yourself, determine your own hours, and become a (highly profitable) and sustainable company of one? Suppose the better--and smarter--solution is simply to remain small? This book explains how to do just that. *Company of One* is a refreshingly new approach centered on staying small and avoiding growth, for any size business. Not as a freelancer who only gets paid on a per piece basis, and not as an entrepreneurial start-up that wants to scale as soon as possible, but as a small business that is deliberately committed to staying that way. By staying small, one can have freedom to pursue more meaningful pleasures in life, and avoid the headaches that result from dealing with employees, long meetings, or worrying about expansion. *Company of One* introduces this unique business strategy and explains how to make it work for you, including how to generate cash flow on an ongoing basis. Paul Jarvis left the corporate world when he realized that working in a high-pressure, high profile world was not his idea of success. Instead, he now works for himself out of his home on a small, lush island off of Vancouver, and lives a much more rewarding and productive life. He no longer has to contend with an environment that constantly demands more productivity, more output, and more growth. In *Company of One*, Jarvis explains how you can find the right pathway to do the same, including

planning how to set up your shop, determining your desired revenues, dealing with unexpected crises, keeping your key clients happy, and of course, doing all of this on your own. *A Paraphrase and Notes on the Epistles of St. Paul* by John Locke. NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. *When Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and

everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When *Breath Becomes Air* is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both. Interior design legend Paul Fortune opens his design portfolio and shares his inimitable worldview in this monograph-cum-memoir. Arriving in Los Angeles from London during the 1970s, Paul Fortune gradually made his way as a graphic artist, art director of music videos, and even nightclub owner. But with the renovation of his own now legendary Laurel Canyon house in 1978, Fortune's career as an interior designer was born. Fortune Design Studio, based in Los Angeles, has been operating since 1982, enjoying the patronage of discerning clients worldwide, whose ranks include Marc Jacobs, Sofia Coppola, and David Fincher. Exhibiting a distinct style widely recognized for its integration of refinement with lived-in comfort, Fortune's designs are uniquely geared toward accommodating the history and material integrity of each chosen venture. In *Notes on Décor, Etc.*, Fortune—a natural raconteur—not only documents his favorite of these timelessly elegant projects but also his life and times as a designer, an expatriate, and an Angeleno in a one-of-a-kind chronicle that *Architectural Digest*, in its 2018 AD 100 list, describes as, "A tell-all monograph-cum-memoir detailing significant projects and stories from Fortune's peregrinations through the beau monde." The masterpiece of the German experience during World War I, considered by many the greatest war novel of all time—with an Oscar-nominated film adaptation now streaming on Netflix. "[Erich Maria Remarque] is a craftsman of unquestionably first rank."—The New York Times Book Review I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of

vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. They were first produced in 1973 to accompany series of talks given at a Bible Study Weekend in Toronto. They achieved a limited circulation in North America, and were then serialise in the Bible Student Magazine, and in 1978 were published in book form by VCE Publications, Canada. They have been out of print for some years, but have been reprinted in response to requests for their republication. The book represents an attempt to expound the principal themes of the Epistle to the Ephesians, and is not intended to be an exhaustive exegetical verse-by-verse commentary. The final chapter seeks to extract from the apostle's words counsel to meet the needs of the 21st

century disciple, and encouragement to those who seek to "be strong in the Lord and in the power of his might" Who would guess that Godzilla, the Invisible Man, Elvis, Donald Duck, Ted Williams, and the Three Stooges might have something to say about the love and loss that shape the way we see the world? And yet these are the pop-culture coordinates that chart the emotional life brilliantly mapped out in Paul Guest's second book of poems. Winner of the Prairie Schooner Prize in Poetry, this collection plumbs the depths of nature and culture (how, for instance, "gar" in Old English means "spear," and an octopus can lose a limb during mating) to give form to the darkness and the light that make us human. In poetry whose tone is largely one of lament tempered by a wry and intelligent humor, Paul Guest does what a poet does best: he gives us the moments of his life refashioned to reflect the larger arc and meaning of our own life, that is, writ large.
